GL GU10LEDFW6-83

9329501056233

This ideal replacement for halogen lamps, the FW series GU10 globes are a high performance LED that aims to produce a clean crisp light output and look of a dichroic halogen spotlight but with all the benefits of an LED light. This globe is the perfect complement for many existing luminaires, including exposed fittings in lamps and spotlights. Extremely high efficiency, non-dimmable and available in 3 color temperatures.
