Aleria is a small lamp that does not take up any unnecessary space, but at the same time provides a good functional light. With its soft shapes and elegant design, this lamp becomes a beautiful decoration for your outdoor space. Aleria is made of galvanized steel and would be perfect by the driveway, front door or garage.

This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions.

Over time, exposure to the elements causes the galvanized steel to develop a beautiful, darker patina.
