• Works with both 2.4 and 5.0 GHz Wi-Fi • Creates more options for your Smart lighting at home

The Smart Bridge opens up all the features and functionalities of the Nordlux Smart system. In addition to instantly controlling and adjusting the light, the Smart Bridge makes it possible to set schedules and programmes, enable holiday mode, share light settings and much more. As Nordlux Smart Light is compatible with the smart home assistants Amazon Alexa and Google Home, it is also possible to use voice commands to control the lights. The bridge works with both 2.4 and 5.0 GHz Wi-Fi.
