- Contemporary Art Deco style
- Opal white mouth-blown glass
- Three lamp heads emit a practical light

Contina has an elegant and modern design – the lightweight frame complements a spherical opal white glass dome that conceals the light source and spreads a soft, glare-free light into the room. With its slim design, the ceiling light will not obstruct your view or take up any unnecessary space in the room, and therefore it is perfect for a corridor, hallway or bedroom.

Individually hand crafted from mouth-blown glass. Due to this unique process, air bubbles may be visible in the glass and the thickness of the glass can also vary. This gives the glass its character and vibrant appearance.
