- A contemporary yet timeless design
- Slim and elegant
- The tiltable head allows you to adjust the direction of light
- On/off touch button on wall base
- Cool chrome finish

The minimalistic MIB series by Danish designer Bønnelycke MDD is the epitome of elegant design and Nordic elegance. The slender and adjustable lamp head emits a precise and directional light.

The lamp is designed for individual control using the integrated touch button on the lamp itself, and not from a wall switch.
