Product net weight (kg): 2.67

**Parallel connection possible • Can be mounted on Nordlux base unit • Extra durable material suitable for coastal areas
(Designed For Seaside) • 15-year guarantee on surface deterioration**

Helix illuminates outdoor areas with its distinctive design. The screws are visible, and the finish exudes raw confidence. The actual light bulb is hidden from the eye. It comes from below and ensures indirect lighting, which is evenly distributed in the top part of the light. Design by Bønnelycke MDD. It is possible to purchase a base for pillar lighting appropriate for this product. This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions. Over time, exposure to the elements causes the cor-ten to develop a beautiful, darker patina.
