

Industrial Road Stud – Square

Epistar 6x SMD
LEDs (Amber)

1.2V
800mAh NI-MH

2V 0.2W
Integrated
Polycrystalline

Dust & Water
Protection

Aluminium
Construction

300 Lumens
at 1 metre

Durability Rating
20 Tonne

SLDRSS/A

Features:

- LED Colour – Amber(A)
- Built in Photo Electric Cell (Day/Night Sensor)
- Working Mode – Flashing
- Flashing Frequency: 120 times/min
- Visible Distance >500M (Night)
- Full charge operation - 3-5 days
- Load-bearing = 20 Tonne
- **2 year Warranty!**

Options on request:

- Mode of operation: Constantly on
- LED Colour: Red(R), Blue(B), Green(G), White(W)
