## Road Studs

### Road Stud – Square

| Product Code | LED's                        | Battery                  | Solar Panel                              | IP Rating | Lumens   |
|--------------|------------------------------|--------------------------|--|-----------|----------|
| SLDRSS/A     | 6 x Epistar SMD LEDs (Amber) | 1 x 1.2V<br>800mAh Ni-MH | 2V 0.2W<br>Integrated<br>Polycrystalline | 68        | 300 @ 1m |
| SLDRSS/BL    | 6 x Epistar SMD LEDs (Blue)  | 1 x 1.2V<br>800mAh Ni-MH | 2V 0.2W<br>Integrated<br>Polycrystalline | 68        | 300 @ 1m |
| SLDRSS/W     | 6 x Epistar SMD LEDs (White) | 1 x 1.2V<br>800mAh Ni-MH | 2V 0.2W<br>Integrated<br>Polycrystalline | 68        | 300 @ 1m |

**Please Note: All road studs are designed for single use only and contain a non-replaceable battery.**

#### Features:

- Machined Aluminium Construction
- Full charge operation – Approximately 3–5 days
- Working Mode:
  - o SLDRSS/A = Flashing 120 times/min
  - o SLDRSS/BL & SLDRSS/W = Constant On
- Load-bearing = 20 Tonne
- Visible Distance >500M (Night)
- Colour Options on Request (MOQ 50) : Red, Green

**2 Year Warranty!**

#### Packaged Fitting Weight & Dimensions

W: 0.3kg

D: 12cm x 12cm x 5cm
