- 

Make an elegant statement in any space thanks to the Kensington's stunningly crafted polymer blades that offer an impressive blade span of 183 cm – carefully designed and engineered to impress.
- 

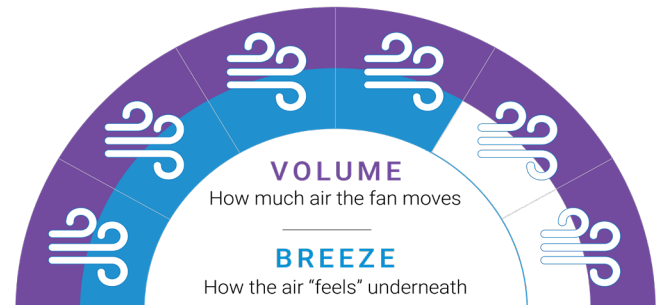

18W Dimmable LED Light included supports switching between Warm (3000K), Cool (4000K) and Daylight (5000K) colour temperatures along with light on/off and light dimming controls.
- 

Moves large volumes of air thanks to the large blade span and aerodynamic blade design, ensuring sweeping airflow ideal for large enclosed spaces.
- 

Highly efficient airflow made possible by the energy-efficient motor, using only 30W on high and as little as 5W on low so you stay cool for less.
- 

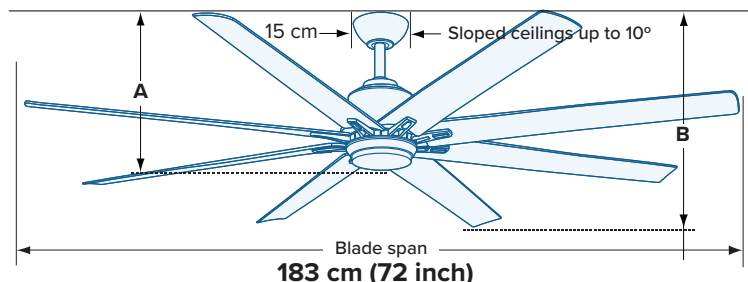

Enjoy whisper-quiet cooling, thanks to the combination of a silent DC motor and premium polymer blades, so you stay cool with less wind and fan noise.
- 

Perfect for both Indoor & Outdoors so you can maintain your decor style from your living room through to your alfresco outdoor area.
