COMPLIANCE

| | |
|----------------------------|----------|
| Product Design Life | 10 years |
|----------------------------|----------|

The product design life relates to the total product life which includes LEDs, drivers and the enclosure. This is different to the LED lifetime which only refers to the economical lifetime of the LEDs at which time the lumen output has dropped below the L Value. The product design life is calculated at the maximum ambient or working temperature of the product and takes into account the Daily Use.

| | |
|------------------|-------|
| Daily Use | 2 hrs |
|------------------|-------|

The Daily Use is the recommended time required to meet the product's design life. Installations can exceed this time, however the product design life will be reduced proportionally.
