

## FLEXI STREAMLINE 24V RGB 10M ROLL FLB2408RGB/S - 8W/m

Roll length 10m, maximum run length 10m, 8W/m, COB RGB, 10mm width strip, IP65

### Application

Perfect for the home or commercial, feature lighting application

### Design Specifications

- 10 metre roll, COB strip with self-adhesive tape, cuttable every 125mm
- Beam distribution 140° RGB
- Streamline COB LED technology, providing a smooth lighting profile
- Dimming options (refer Dimensions - Wiring Diagrams), driver options ([refer quick link](#))
- Heat sink required for system performance, LED channel options refer this section - [LED channel options \(quick link\)](#)
- Each 10m roll pack includes 1 x accessory kit - FLC10RGB/KIT

### Performance

- Dimmable - **OPTIONAL**

### Technical Specification

| Product            | Model No.    | Input Voltage (V/DC) | Watts per metre (W/m)   | Beam Angle (°) | LEDs Per Metre | Cutting Interval |
|--------------------|--------------|----------------------|-------------------------|----------------|----------------|------------------|
|                    | FLB2408RGB/S | 24                   | 8                       | 140            | 336            | 125              |
| <b>Body Colour</b> |              |                      | <b>Dim (mm)</b>         |                |                |                  |
| RGB                |              |                      | 10000(L) x 10(W) x 2(H) |                |                |                  |

RGB WAVELENGTHS R:620-630, G:520-530, B:460-470nm
