

## LED RGB remote controller

- LED RGB remote controller
- Suits Ecolamp RGB multi-function strip lights
- Transmitting range: 30m approx
- 3 Channel
- Input: DC 12v / DC 24v

| PART NUMBER   | Description               | IP Rating | POWER                             |
|---------------|---------------------------|-----------|-----------------------------------|
| <b>HV9614</b> | LED RGB remote controller | IP20      | DC 12v 250w Max / DC 24v 500w Max |

## LED RGB Multifunction Controller

- LED RGB Multifunction controller
- Suits Ecolamp RGB strip lights
- 3 Channel
- Input: DC 12v / DC 24v
- Transmitting range: 20m approx

| PART NUMBER   | Description                      | IP Rating | POWER                             |
|---------------|----------------------------------|-----------|-----------------------------------|
| <b>HV9716</b> | LED RGB Multifunction controller | IP20      | DC 12v 180w max / DC 24v 360w max |

## LED RGB Touch Panel Controller

- LED RGB touch panel controller
- Suits Ecolamp RGB multi-function LED strip lights
- 3 Channel (RGB)
- Input: DC 12v / DC 24v

| PART NUMBER   | Description                    | IP Rating | POWER                             |
|---------------|--------------------------------|-----------|-----------------------------------|
| <b>HV9719</b> | LED RGB touch panel controller | IP20      | DC 12v 144w max / DC 24v 288w max |

All low voltage products that specify LED or are supplied with a 12v DC LED globe must be used with a suitable LED driver, refer to pages (185 - 206)  
Lumen output measured at source. All globes supplied with fittings are non dimmable. If you require 240v dimmable globes refer to pages (257 - 258)
