

SOLAR POWERED LED BATTEN LIGHT KIT

The Martec Solar Led Batten Light Kit is a step above the rest when compared to traditional solar powered tube lights. It can be used in a variety of areas such as the office, home, garage, caravan, carports, bus stations, warehouses, camping tents, industrial/commercial establishments, emergency areas and more. The Inbuilt PIR sensor can also reduce power consumption for those gloomy days, and easy installation for installer.

It also features a 5V USB port for convenient charging of compatible devices and an external switch for light kit operation. The Martec Solar Led Batten Light Kit is the ultimate portable and versatile lighting solution.

FEATURES

- /// 12 month replacement warranty
- /// Environmentally Friendly
- /// High brightness output
- /// Low heat, no IR or UV radiation
- /// Dedicated 5V USB charger port
- /// Remote control included

TECHNICAL INFORMATION

Power: 12W
Colour Temperature: 6000K
Lumens: 1200lm
Length: 360mm
Battery Type: Lithium
Battery Capacity: 3.7V 12.2AH
Solar Panel: 10W 6V MONO
Cable Length: 5M
IP Rating: IP65

MLS12W
