- Vintage design • Light and retro design expression
- Create your own design expression with a decorative bulb • Hang three or more lamps together in a line or cluster

The Torina glass pendant has an airy, vintage design expression with a feminine touch. You can add just the bulb you like - and create an interesting look by hanging three or more pendants in a line or a cluster.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
