This driver is manufactured with a split cable format for carrying increased current for easier connection of multiple loads

Each driver can be used:

- At full load capacity by connecting all cables to one terminal block
- With any combination of split cables (as long as the minimum and maximum loads below are adhered to)

FULL load capacity CANNOT be connected to one cable

*Must be installed by a licenced electrician (Installation instructions sheet provided in each product box)

*To avoid disappointment and warranty problems, please ensure the IP rating of the chosen product is relevant for the intended use.
