RETRO FIT TRIM & REFLECTOR

SD125-LFL-WH

SD125-LFL-SC

SD-REF-SBF

SD125-LFL

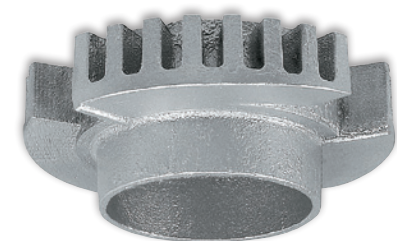

- Retro fit downlight flange
- For use with the SD125F and SD125 to fit holes 130mm-175mm

SD-REF-SBF

- Energy efficient reflector for SD125 down light.
- Designed especially to be used with Self Ballasted Fluorescent bulbs.
- Creates 100watts of illuminance from a 15watt spiral energy saving lamp.

DIFFUSER

SD-IP-SBF

SD-DIF-SBF

SD-IP-SBF

- Ingress protection lens simply clicks into SD125F reflector
- Included heat sink for extended lamp life

SD-DIF-SBF

- To fit SD125F downlight model only
- The Diffuser directs some soft light onto the ceiling reducing the cave like effect which downlights can give
- Keeps reflector clean
- Higher illuminance in smaller rooms as more light is reflected sideways
