### SKU

LUC.G23-BK83-826

### GTIN

9329501056066

### DESCRIPTION

The LUC G series is a recessed dual-directional LED luminaire. The modern design is small and discreet but bright and can therefore optimally illuminate and set the scene for walkways, driveways, gardens, and terraces. The light of the internal LEDs is emitted indirectly through a dual opening and provides glare-free orientation lighting. Can be recessed floor or wall-mounted.

With an operating voltage of 8~26 volt AC/DC and a water-protected rating of IP65, it is a versatile and safe lighting solution for outdoor areas. Other fixtures in the LUC series can be combined to form a complete outdoor space solution. A 8 or 26 volt AC transformer is recommended to power up this fixture.

### CATEGORIES

Inground Lights

### USAGE

Outdoor Lighting, Trade Selection

### VOLTAGE INPUT

8~26V

### FIXTURE COLOR

Clear, Black

### TOTAL WATTAGE (MAX)

6

### GLOBE / LIGHT SOURCE QTY
