REPLACEMENT WARRANTY

*3 Years

CARE INSTRUCTIONS

Aluminium, Brass and Stainless Steel will naturally oxidised and change overtime. Exterior products require regular four (4) monthly cleaning and maintenance to ensure they do not accumulate dirt or other environmental deposits. Wipe the product with a mild detergent and warm water to remove surface deposits. Rinse with fresh water and wipe dry with a soft cloth. An extra temporary protection barrier of water displacement oil can help to maintain the surface, such as WD40, sprayed onto a soft cloth and rubbed onto the surface., Do not use strong liquid cleaners, Wipe clean with a dry cloth
