

LIGHTING THAT OUTPERFORMS

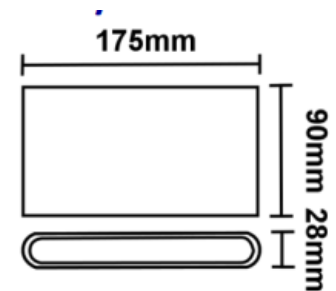

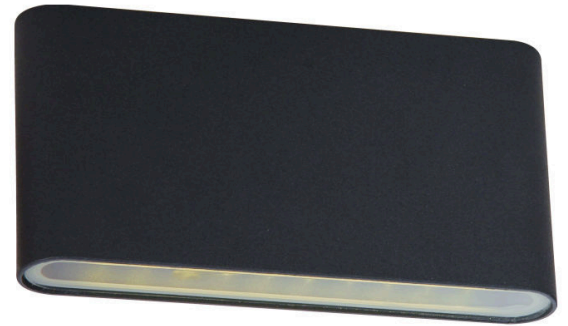

SINCE 1998

SIGMA

Our Sigma Led Wall light is designed for either indoor or outdoor applications. The luminaire features clear tempered glass facing upwards and downwards, along with a powder-coated finish that resists corrosion, making it suitable for coastal application. Also It boasts an IP54 rating, making it resistant to dust and water. The built-in LED lamps are 3 colour-selectable, non-dimmable and come with an integral driver. This contemporary luminaire is ideal for driveways or any exterior wall light, providing effective lighting solutions.
