

2 WIRE DIMMER

ROTARY / PUSH BUTTON DIMMER

ROTARY

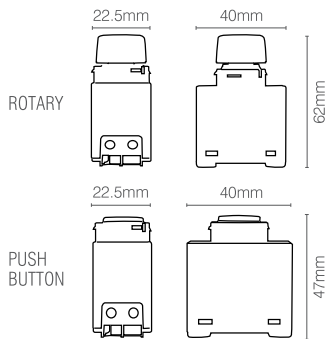

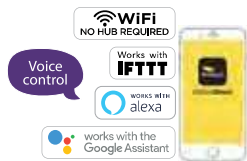

PUSH BUTTON

Smart Wifi dimmers that do not require a neutral wire. A more convenient installation for some homes. Suitable for two-way switching through the app or when used with the Slave Dimmer mech 21530.

- Smartify the lights in your home by installing this Wifi Dimmer Mech.
- Fits conveniently into the existing switch plate.
- Perfect for new or retro-fit installations.
- Trailing edge dimmer suitable for most lighting products.
- Slots seamlessly into HPM®, Clipsal® and Vynco® branded wall plates.
- Control from anywhere via app or voice control.
- Build schedules and timing to automate your home.
- Create virtual automation looping without the hassle of installing long cable runs.
- Programmable minimum brightness level to avoid light flickering.
- Incorporates on/off switching and dimming control into one mechanism.
- Soft start for improved lamp life.
- Connects to other BrilliantSmart devices and other compatible products.
- Overheat, Overload and Over-current protection.
- Manual push button is in perfect sync with app.
- 3 year warranty.
