

INFINITY LED Mounting Profile

Description

Introducing the INFINITY mounting profile system. The INFINITY is specifically designed for the Domus range of LED strip lighting. This aluminium mounting profile system incorporated extruded profile complete with a square opal colour polycarbonate diffuser. The key features of the INFINITY is the ability to not only conceal the LED strip lighting but also keep the strip lighting linear. Also, the INFINITY keeps LEDs free from foreign objects and vapours which may damage the LEDs. Another key point is in the mounting of this profile. Specifically designed as a recessed low level path light for a contemporary or architectural look. This profile can also be cut down to create smaller lengths to suit any size and application.
