

SPOT2

Spotlight

Description

Domus Lighting offers the SPOT2 as an architectural wall/ceiling mounted spot light. CNC manufactured from high grade 6063 grade aluminium and anodised in either a clear or black finish. The Spot2 offers superior lighting performance from 9 x 1W high output LEDs. The light is controlled through a custom integrated optics solution with a 25° controlled distribution. Flexibility in rotation and tilt makes for easy adjustments to intended surfaces or objects. An integrated LED driver makes installation quick and simple.

Specification Features

| | |
|-------------------------|----------------------------------|
| Size: | Ø114mm x (H) 190mm |
| Frame colour: | Clear anodised or Black anodised |
| Light source: | High intensity SMD LED |
| LED type: | Edison (Taiwan) |
| Colour Temperature (K): | Warm white 3000K, White 5000K |
| Lumens (lm): | Warm white 720lm, White 990lm |
| CRI: | >85 |
| Wattage (W): | 9W (9x1W) |
| Input Voltage (VAC): | 220-240VAC |
| Beam Spread (°): | 25° |
| IP Rating (IP): | IP54 |
| Lifespan (hrs): | 40,000 |
| Mounting: | Surface mounting |
| Dimmable: | No |

Product code: EV-SPOT2-B-WW
 Order code: 19480
 Colour: 9W, black anodised, warm white 3000K LED

Product code: EV-SPOT2-B-W
 Order code: 19481
 Colour: 9W, black anodised, white 5000K LED

Product code: EV-SPOT2-WW
 Order code: 19482
 Colour: 9W, clear anodised, warm white 3000K LED

Product code: EV-SPOT2-W
 Order code: 19483
 Colour: 9W, clear anodised, white 5000K LED
