

EV-DECO8

DECO Downlight

Technical Data Sheet

Domus
EVERGREEN

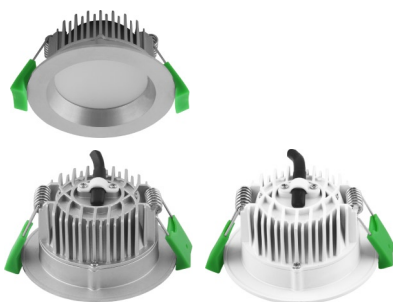

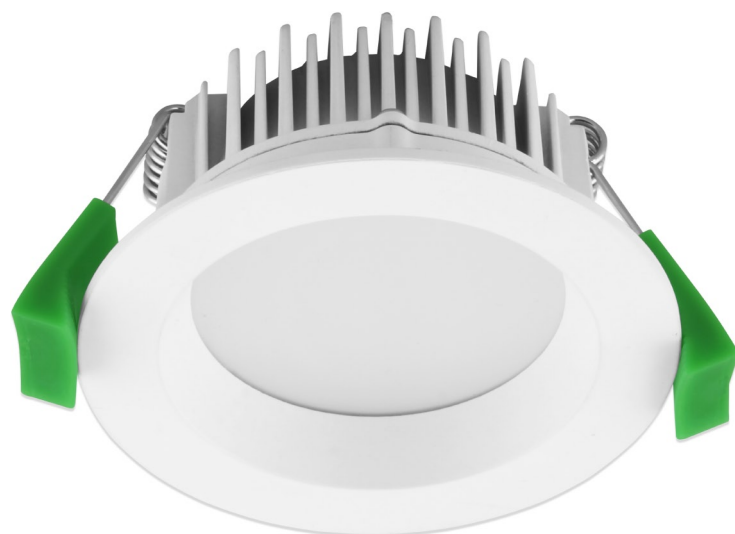

DESCRIPTION

The cost effective Deco range continues to expand as Domus Lighting introduces the Deco 8W version of its highly popular LED downlight.

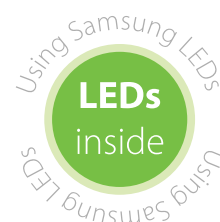

Integrating a 5630SMD light source and a compact high-efficiency driver into a traditional CFL replacement, the **Deco 8** provides between 450 (3000K) and 500 (5000K) lumen output from its a miniature Ø85mm housing. The **Deco 8** is also backed with a 40 000 hour life span and three warranty for peace of mind.

The **Deco 8** is available in a satin white or aluminium finish and your colour choice of white or warm white LED lighting.
