

EVCHAM12

Order Code: **20121**

Product Code: **EVCHAM12 - Constant Current 350mA**

Description: Wall mounted PWM dimmer designed for Constant Current LED applications.

Data: The EVCHAM12 is an intelligent dimmer specially designed for Constant Current 350mA LED lighting. It uses the most advanced PWM (pulse width modulation) digital brightness adjusting technology that enables you to adjust the brightness from 0% to 100% using the knob on the wall plate or via the supplied IR remote control. This modern style switch plate can be semi-recessed or surface mounted using the supplied mounting block.

Remote Functions: 0-100% dimming (256 levels) soft turn on and off, four preset brightness levels (25%,50%,75% and 100%), four user programmable brightness options, delay function set at 30 seconds to exit the room with soft dimming.

Specification: 12/24V DC input 350mA Constant Current output, 1-10pcs 1W high power LEDs.

Size: (L) 87mm x (W) 87mm x (H) 6mm (semi-recessed mounted)
 (L) 87mm x (W) 87mm x (H) 42mm (surface mounted)

Requires: Constant Voltage 12-24V DC LED driver located in the power supply section of the catalogue.
