

POLY-10

Downlight

Description

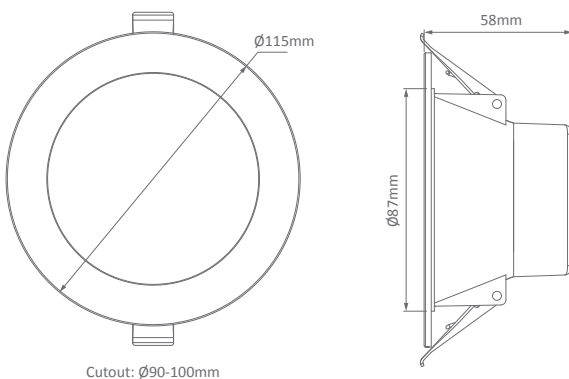

The Poly-10 is the most economical and practical addition to the Domus range of LED Downlights. Constructed from V0 fire rated Polyamide, the design along with an aluminium internal heat sink allows for optimum heat dissipation. Producing a comfortable equivalent in lumen output to halogen downlights, and incorporating an internal driver with a flex and plug, the Poly-10 offers a compact solution to most installations. Fully dimmable with Domus EV-Dimmer.

Specification Features

Input Voltage:	240V
Power (W):	10W
IP rating (IP):	44
Lumens (lm):	Warm White 3000K - 800lm White 5000K - 880lm
LED type:	Epistar SMD2835
CCT:	3000K - 5000K
CRI:	≥80
Beam angle (°):	90°
Dimmable:	Yes, tested on the DIMMER (20505), may work on others but not tested.
Lifespan (hrs):	40,000hrs
Cutout (∅):	∅90-100mm
