

SHADOWLINE LED

Shadowline 14W 5000K

The Shadowline 14W is a compact LED down light that still packs an incredible light output punch. The Shadowline's bevelled fascia is both elegant and architecturally sleek, which will add character and dimension to any household. The Shadowline 14W has the added benefit of an adjustable light beam frame, which enables you to create more of a spotlight or wide beam angle, in addition to aiming the light in the direction you so desire.
