## LUMINOUS COLOUR / FLUX

The colours of the LED are represented as pictogrammes (see below), their luminous flux directly beneath. The luminous flux is quoted in lumen and describes the amount of light generated by the LED. The higher the value, the brighter is the lamp.

 warm white (< 3300K)
 neutral white (4000K - 4200K)
 blueish white (5000K - 6500K)
 colour changing
 tunable white

## FURTHER PICTOGRAMMES

 replaceable LED
 can be cut and shortened
 incl. cable & plug
 incl. cable & plug transformer
 cutout (in mm)
 packaging / delivery unit

## SWITCHES

 internal dimmer
 rocker switch
 pull switch
 pedal switch
 button switch
 cable switch
 sensor
 remote control
 timer - automatic on/off
 dimmable
 not dimmable
 this luminaire can be switched on/off and dimmed by touching the specially designed "Touch Me" part of the fixture.
 this luminaire can be switched on and off by touching the specially designed "Touch Me" part of the fixture.

## PROTECTION CLASS

The protection class indicates to what extent the lamp is protected against electric shock.

All lamps in this catalogue are at least protected with the protection class 1 - a higher class is specified in the information box of the respective lamp.

 protection class 1: protective earthing
 protection class 2: protective insulation
 protection class 3: protective low voltage

## PROTECTION RATING

The protection rating ensures the operational safety of luminaires. The first number specifies the extent of the protection against the ingress of foreign bodies; the second number identifies the humidity protection grade. All luminaires in this catalogue are at least protected with the rating IP20 - a higher rating is specified in the information box of the luminaire.

 IP44
 IP54
 IP65

## 202621 ROYSTAR

white fixed downlight with 0.6m flex and plug; interchangeable trim – white flat ABS trim included; colour temp change via light switch - 3000K/4000K/5000K

Ø 108, H 67

OR

## COLOUR TEMPERATURE SELECTION

The Roystar downlight offers CCT technology, to allow you to adjust the colour temperature to suit your room. With two different models available, one adjustable by switch on the back of the fitting, and the other by your existing wall switch, the choice is yours.

## INTRECHANGEABLE TRIMS

Change up your Roystar with optional coloured trims. Simply twist off and twist on a range of fashion colors to suit your decor. Available in flat or recessed styles.

## QUALITY CONSTRUCTION

With a focus on excellent driver ventilation, a quality aluminium heat sink for heat dissipation, and including genuine Epistar LED chips, your Roystar downlight is built tough to light you well into the future.

# MEMO

All previous catalogues and price lists are no longer valid with the issue of this catalogue. Errors, misprints, model and price changes and technical modifications are reserved.  
We deliver based on our terms of delivery and payment.  
Our products comply with the European light norm EN60598. Products with the ENEC test mark are conforming to the guide line 2006/95/EG. Products with additional safety remarks (e.g protection class, IP) are identified within the product family with the relevant symbol and number.

The content of this catalogue is protected under copyright law for EGLO Leuchten GmbH.

All rights reserved.

Our specific written consent must be obtained before using any illustrations and texts.

The pictures are 4 colour prints and may differ from the original.

The product pictures and ambiances in this catalogue can deviate from reality, and they do not necessarily concur with the usual application of the product.

EGLO does not assume liability for the correctness, completeness or the application depiction of the products and/or the product information.
