Company Profile

With over 50 years heritage of manufacturing and distribution of lighting products for the Australasian market, **Domus Lighting** has developed a highly regarded reputation for innovation, quality and reliability.

We are focused on continuing that reputation by investing in energy efficient lighting products, using the latest lighting technologies.

Domus, was formed in 1961 in response to a growing need for quality lighting products. Now, **Domus Lighting** has expanded to become one of Australia's leading distributors of LED lighting to the Electrical Wholesale and Lighting Retail distribution channels.

Proudly 100% Australian owned, the company operates from a modern 13000m² distribution facility and head office. Our full commitment to quality management is demonstrated by our systems and processes approved for ISO9001:2008 accreditation.

Our stunning 1200m² wholesale showroom provides a unique display of our Homelight range of residential lighting products, through to our Evergreen range of innovative LED Lighting products. We welcome you to visit our evolving showroom, by appointment.

Domus Lighting also offers a custom made lighting service to help provide a solution to those exciting and challenging designs. Our team are committed to applying their unrivalled LED experience and lighting expertise to enhance any of your energy saving lighting requirements. Combining that capability with the strength of our sales force, you can count on us to support you for all your lighting needs.

Retro-10

The RETRO10 is specifically designed as a replacement for your traditional halogen lamps in most applications. It's as easy as removing the standard MR16 lamp and transformer and replacing it with the new RETRO10 lamp and dimmable LED driver. Featuring the mono lens, the RETRO10 will look and perform almost exactly the same as what you have just replaced. RETRO10 comes complete with lamp and LED Driver with flex and plug attached. Fully dimmable with Domus EV-Dimmer.

Ceiling Fans

What is a DC Ceiling Fan and what is an AC Ceiling Fan?

The current we receive from our mains supply into our homes is Alternating Current (AC). Electric motors for ceiling fans traditionally are driven by AC current through a magnetic force to rotate the motor. AC Ceiling fans are still commonly in use, and are still a very reliable and well-priced solution when choosing a ceiling fan. There are far more designs and options with AC Ceiling fans, as they have been available for quite a while.

DC motors used in ceiling fans utilise brushless technology. This electric motor converts the AC current input to a Direct Current (DC) output through the use of a transformer and energises an internal array of magnets of opposing polarity. The resulting magnetic force creates the torque required to rotate the motor. This process requires less energy than conventional AC motors to operate offering considerable energy savings and running costs of up to 70%.

Why choose a DC Ceiling Fan?

- **Energy Saving** - Consumes up to 70% less energy.
- **Whisper Quiet Operation** - Runs much quieter than standard AC ceiling fans.
- **Greater Control** - DC motors are typically smaller, allowing for greater flexibility in product design.
- **Cooler Operation** - The DC fan operates cooler internally during maximum workloads, reducing less stress on internal components, ensuring a longer operating lifetime.
- **Greater Speed Flexibility** - More speed options allow for greater control, thus saving power.
- **Higher Torque** – They stop, start & accelerate more quickly.
- **Light weight** – Utilising different components and new designs being offered in lightweight ABS, the DC Ceiling fans are much lighter than conventional AC models.
- Ceiling fans are much lighter than conventional AC models.

Why choose an AC Ceiling Fan?

- **Affordable** - Currently a more affordable option as DC Ceiling Fans are more expensive due to the componentry and automated processes.
- **More Design Options** – AC Ceiling Fans have been around for a long time, so far more designs and styles available to suit your fan requirements.
- **Wall Controllable** – DC Ceiling fans are generally only operational with a Remote control, whereas AC Ceiling fans can be controlled by a hard wired Wall switch control.

Domus also incorporates energy efficient LED Lighting for a truly green range of Ceiling Fans. Backed by a Three Year IN-HOME Warranty, you will have peace of mind that your **Domus** Ceiling Fan will be a reliable solution to cooling comforts at home.

Avatar White No Light

NEW

New DC Technology Ceiling Fan, a uniquely designed curved blade, designed to maximise air flow and striking with state of the art efficiency. The Avatar will appeal to almost any room of the home with its very modern and uniquely shaped design. Satin white finish, 56" ABS blades and complete with remote control. 6 Speed fan control. Fully reversible.

Specification:

Power Supplies

Genus EVERGREEN
WEATHERPROOF LED POWER SUPPLY
Model: EV-WP12-60

Input Voltage: AC 170~250V 50/60HZ
Input Current: AC 0.64~0.52A
Output Voltage: DC 12V
Output Current: DC 5A
Output Power: 60W

SELV IP66

DM1210

10W 12V DC Constant Voltage LED Driver for use on LED MR16 Lamps, LED strip lighting, inground uplighters and much more.

Specification:

Dimensions: (L) 161mm x (W) 45mm x (H) 25mm

Order Code:

20396 DM1210 - 10W 12V DC LED Driver

REPLACEMENT WARRANTY
 *CONDITIONS APPLY

DM1230

30W 12V DC Constant Voltage LED Driver for use on LED MR16 Lamps, LED strip lighting, inground uplighters and much more.

Specification:

Dimensions: (L) 135mm x (W) 40mm x (H) 25mm

Order Code:

20397 DM1230 - 30W 12V DC LED Driver

REPLACEMENT WARRANTY
 *CONDITIONS APPLY

DM2410

10W 24V DC Constant Voltage LED Driver for use on LED MR16 Lamps, LED strip lighting, inground uplighters and much more.

Specification:

Dimensions: (L) 161mm x (W) 45mm x (H) 25mm

Order Code:

20398 DM2410 - 10W 24V DC LED Driver

REPLACEMENT WARRANTY
 *CONDITIONS APPLY

NEW

DM3350

3W 350mA Constant Current LED Driver for use on LED Power Puk Lamps, inground uplighters and much more.

Specification:

Dimensions: (L) 40mm x (W) 20mm x (H) 20mm

Order Code:

20394 DM3350 - 3W 350mA Constant Current LED Driver

WP12/150

150W 12V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 240mm x (W) 71mm x (H) 46mm

Order Code:

20204 WP12/150 - 150W 12V DC Weatherproof LED Driver

| | | | | | | | |
|---------|------------------|--------|------|---|-----------------|---|--|
| 8-150 W | CONSTANT VOLTAGE | 12V DC | IP67 |  | PARALLEL WIRING |  |  REPLACEMENT WARRANTY *CONDITIONS APPLY |
|---------|------------------|--------|------|---|-----------------|---|--|

WP12/200

200W 12V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 235mm x (W) 127mm x (H) 59mm

Order Code:

20199 WP12/200 - 200W 12V DC Weatherproof LED Driver

NEW

| | | | | | | | |
|----------|------------------|--------|------|---|-----------------|---|--|
| 10-200 W | CONSTANT VOLTAGE | 12V DC | IP67 |  | PARALLEL WIRING |  |  REPLACEMENT WARRANTY *CONDITIONS APPLY |
|----------|------------------|--------|------|---|-----------------|---|--|

WP12/Slim30

NEW

Slim 30W 12V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, strip lighting profiles, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 182mm x (W) 29mm x (H) 21mm

Order Code:

20195 WP12/SLIM30 - Slim 30W 12V DC Weatherproof LED Driver

| | | | | | | | | | |
|--------|------------------|--------|------|--|-----------------|------------|--|--|---|
| 2-30 W | CONSTANT VOLTAGE | 12V DC | IP67 | | PARALLEL WIRING | ULTRA SLIM | | | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|--------|------------------|--------|------|--|-----------------|------------|--|--|---|

WP12/Slim60

NEW

Slim 60W 12V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, strip lighting profiles, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 257mm x (W) 28mm x (H) 21mm

Order Code:

20196 WP12/SLIM60 - Slim 60W 12V DC Weatherproof LED Driver

| | | | | | | | | | |
|--------|------------------|--------|------|--|-----------------|------------|--|--|---|
| 5-60 W | CONSTANT VOLTAGE | 12V DC | IP67 | | PARALLEL WIRING | ULTRA SLIM | | | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|--------|------------------|--------|------|--|-----------------|------------|--|--|---|

WP24/Slim60

NEW

Slim 60W 24V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, strip lighting profiles, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 257mm x (W) 28mm x (H) 21mm

Order Code:

20197 WP24SLIM60 - Slim 60W 24V DC Weatherproof LED Driver

| | | | | | | | | | |
|--------|------------------|--------|------|--|-----------------|------------|--|--|---|
| 5-60 W | CONSTANT VOLTAGE | 24V DC | IP67 | | PARALLEL WIRING | ULTRA SLIM | | | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|--------|------------------|--------|------|--|-----------------|------------|--|--|---|

WP24/15

15W 24V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 160mm x (W) 29mm x (H) 21mm

Order Code:

20250 WP24/15 - 15W 24V DC Weatherproof LED Driver

| | | | | | | | | |
|---------------|-------------------------|---------------|-------------|---|------------------------|---|---|--|
| 1-15 W | CONSTANT VOLTAGE | 24V DC | IP67 |  | PARALLEL WIRING |  |  | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|---------------|-------------------------|---------------|-------------|---|------------------------|---|---|--|

WP24/30

30W 24V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 203mm x (W) 35mm x (H) 27mm

Order Code:

20251 WP24/30 - 30W 24V DC Weatherproof LED Driver

| | | | | | | | | |
|---------------|-------------------------|---------------|-------------|---|------------------------|---|---|--|
| 2-30 W | CONSTANT VOLTAGE | 24V DC | IP67 |  | PARALLEL WIRING |  |  | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|---------------|-------------------------|---------------|-------------|---|------------------------|---|---|--|

WP24/60

60W 24V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 178mm x (W) 71mm x (H) 45mm

Order Code:

20252 WP24/60 - 60W 24V DC Weatherproof LED Driver

| | | | | | | | | |
|---------------|-------------------------|---------------|-------------|---|------------------------|---|---|--|
| 5-60 W | CONSTANT VOLTAGE | 24V DC | IP67 |  | PARALLEL WIRING |  |  | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|---------------|-------------------------|---------------|-------------|---|------------------------|---|---|--|

WP24/100

100W 24V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 240mm x (W) 71mm x (H) 46mm

Order Code:

20253 WP24/100 - 100W 24V DC Weatherproof LED Driver

| | | | | | | | |
|---------|------------------|--------|------|-----------------|--|--|---|
| 5-100 W | CONSTANT VOLTAGE | 24V DC | IP67 | PARALLEL WIRING | | | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|---------|------------------|--------|------|-----------------|--|--|---|

WP24/150

150W 24V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 240mm x (W) 71mm x (H) 46mm

Order Code:

20254 WP24/150 - 150W 24V DC Weatherproof LED Driver

| | | | | | | | |
|---------|------------------|--------|------|-----------------|--|--|---|
| 8-150 W | CONSTANT VOLTAGE | 24V DC | IP67 | PARALLEL WIRING | | | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|---------|------------------|--------|------|-----------------|--|--|---|

NEW

WP24/200

200W 24V DC Weatherproof Constant Voltage LED Driver for use on LED strip lighting, garden lights, inground uplighters and much more.

Specification:

Dimensions: (L) 235mm x (W) 127mm x (H) 59mm

Order Code:

20257 WP24/200 - 200W 24V DC Weatherproof LED Driver

| | | | | | | | |
|----------|------------------|--------|------|-----------------|--|--|---|
| 10-200 W | CONSTANT VOLTAGE | 24V DC | IP67 | PARALLEL WIRING | | | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|----------|------------------|--------|------|-----------------|--|--|---|

WP11/350

11W 350mA Weatherproof Constant Current LED Driver for use on LED Power Puk Lamps, inground uplighters and much more.

Specification:

Dimensions: (L) 70mm x (W) 29mm x (H) 21mm

Order Code:

20255 WP11/350 - 11W 350mA Weatherproof - LED Driver

| | | | | | | | | |
|-------------|---------------------|-------|------|---|------------------|---|---|--|
| 3.5-11 W | CONSTANT CURRENT | 350mA | IP67 |  | SERIES WIRING |  |  | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|-------------|---------------------|-------|------|---|------------------|---|---|--|

WP21/700

21W 700mA Weatherproof Constant Current LED Driver for use on LED Power Puk Lamps, inground uplighters and much more.

Specification:

Dimensions: (L) 130mm x (W) 29mm x (H) 21mm

Order Code:

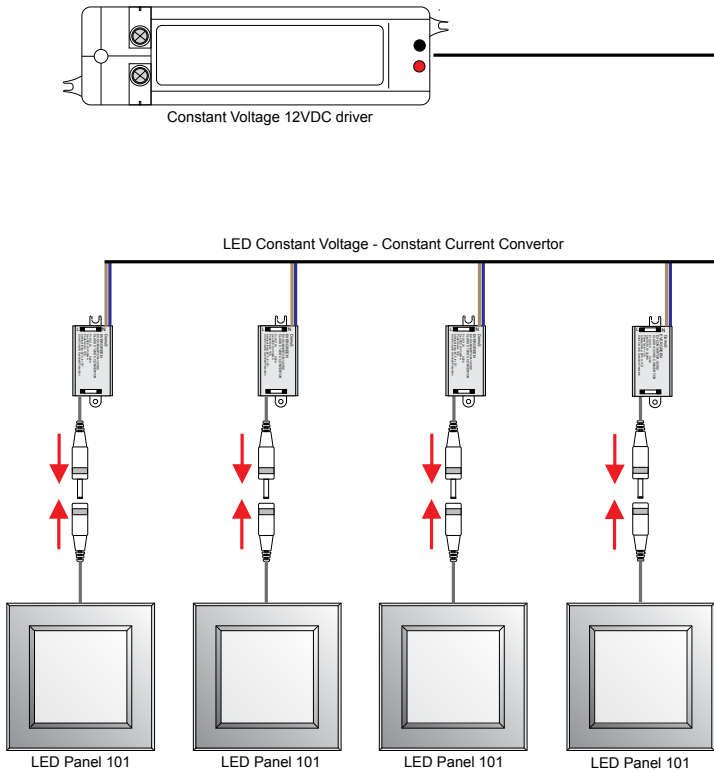

20256 WP21/700 - 21W 700mA Weatherproof Constant Current - LED Driver

| | | | | | | | | |
|-----------|---------------------|-------|------|---|------------------|---|---|--|
| 7-21 W | CONSTANT CURRENT | 700mA | IP67 |  | SERIES WIRING |  |  | REPLACEMENT WARRANTY *CONDITIONS APPLY |
|-----------|---------------------|-------|------|---|------------------|---|---|--|

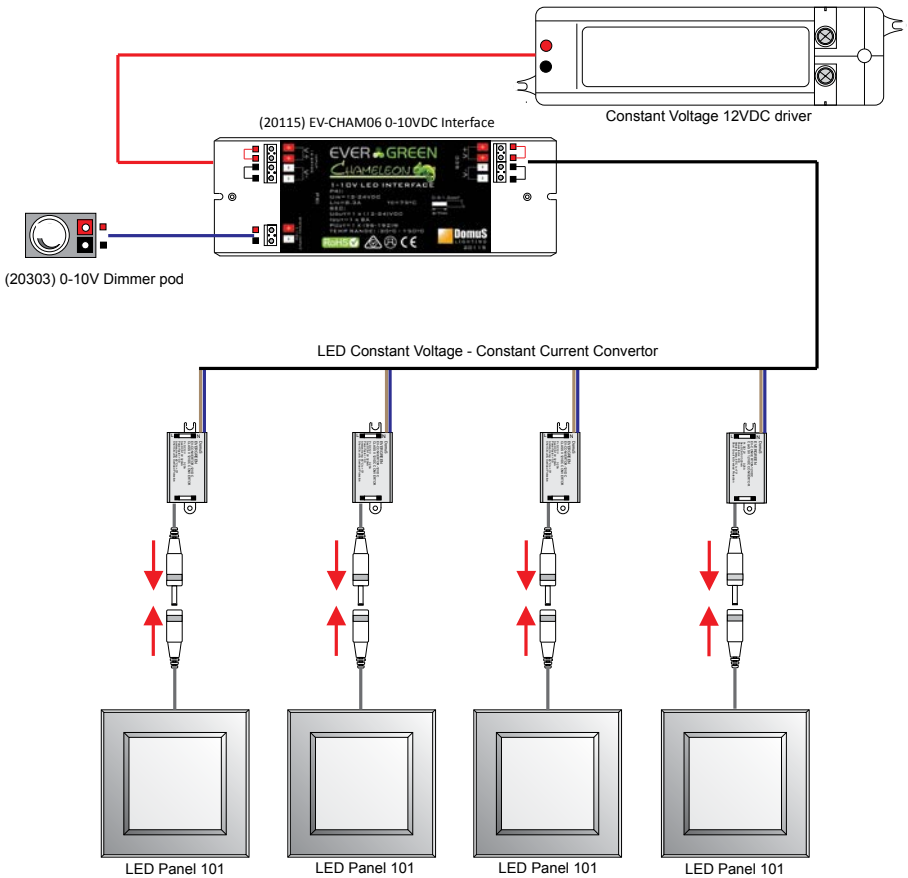

Panel 101 Multiple Connections Wiring Diagram (Non Dimmable)

Wiring diagram to allow multiple Panel-101 fixtures to be wired to one Constant Voltage LED driver

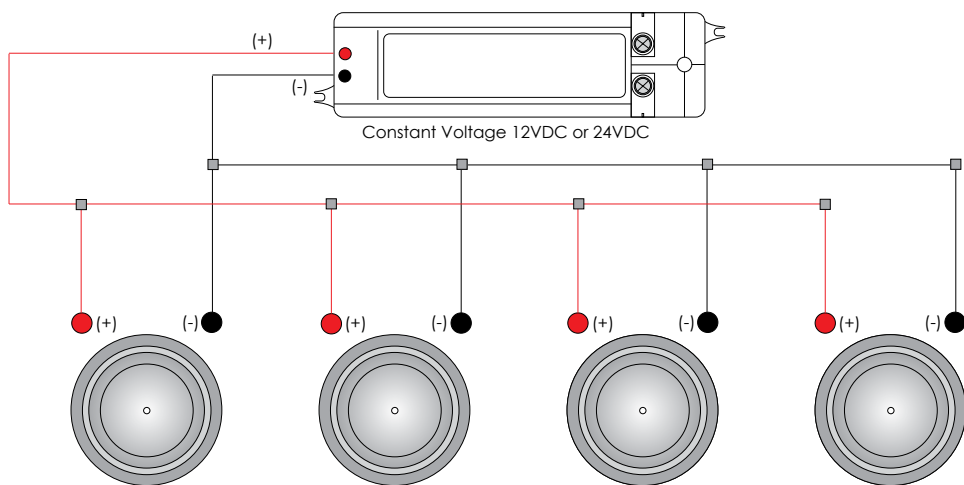

Panel 101 0-10V Dimmable Wiring Diagram

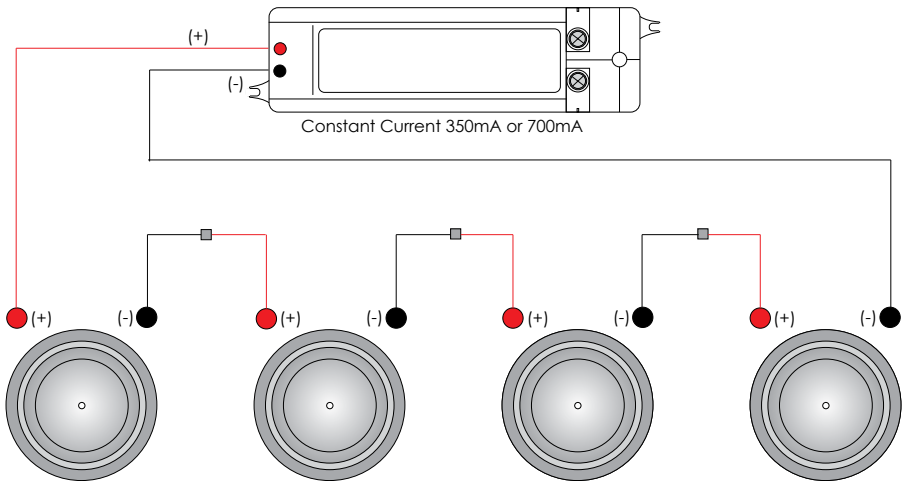

Wiring diagram to allow the Panel-101 to be dimmed using 0-10V Interface and Constant Voltage to Constant Current converters.
