HINKLEY LIGHTING, INC. | 2015-2016

WELCOME HOME

AT HINKLEY, OUR ENTHUSIASM FOR DESIGN IS DRIVEN BY A COMMITMENT TO KEEPING YOUR 'LIFE AGLOW.' WE CREATE LIGHTING FOR THE MODERN FAMILY THAT REFLECTS EVOLVING LIFESTYLES AND BRIGHTENS THE SIMPLE PLEASURES OF DAY-TO-DAY MOMENTS. ALLOW OUR LIGHTING TO ENHANCE YOUR HOME WITH A SOPHISTICATED APPROACH TO ILLUMINATING YOUR ENVIRONMENT: ONE THAT COMBINES CHIC DESIGN, TECHNICAL INNOVATION AND A STYLISH STATE OF MIND.

"OUR HERITAGE COMBINES WITH A RELENTLESS PURSUIT OF INNOVATIVE DESIGN AND TECHNOLOGY TO CREATE *modern lighting that illuminates what you treasure most."*

-RICK WIEDEMER
CEO, HINKLEY LIGHTING, INC.

A VIBRANT CLEVELAND LAKEFRONT IS HOME TO HINKLEY, WHERE IT BEGAN AS A MODEST LANTERN COMPANY ON THE SHORES OF LAKE ERIE IN 1922.

FROM LEFT: **ERIC WIEDEMER**, VICE PRESIDENT, GENERAL COUNSEL

welcome to the world of

HINKLEY & FREDRICK RAMOND

2015-2016

A fourth generation family company, we love to create lighting that is a vital part of how our customers live in and enjoy every aspect of their homes. Lighting has, more than ever before, gained devotion in the world of design. I believe Hinkley's successful evolution from a small outdoor lantern maker to a global leader in luxury decorative lighting is because of our unwavering commitment to bring style and technology home to you in the form of stunning, well-designed lighting.

I am proud to introduce our biggest catalog ever, with over 3,000 beautiful products to choose from. To make your research inspiring and enjoyable, and simplify your decision-making process, I wanted to share several important features. Our catalog opens with an exceptional Pictorial Index, beginning on page 8, designed to encourage quick and easy access to lighting you will love. Full collections are presented in fresh, easy-to-navigate sections divided into Chandelier, Bath and Outdoor with understandable details that tell you exactly what you need to know.

Hinkley's "Idea Centers" are packed with design ideas and lighting solutions that will transform the way you look at lighting. From trend-worthy "Style Files" to luxurious design details found in "Objects of Affection," we explain what makes our lighting special and why. We are proud that our collaboration with an incredibly talented and chic group of internationally recognized designers continues. These style savants lend a savviness you won't find anywhere else, with helpful tips and inspiring suggestions to give you the confidence to create and illuminate your perfect space. Our tradition of gorgeous lifestyle photography continues to enthrall and you will see these breathtaking images throughout this catalog and on hinkleylighting.com to inspire all of us to create environments that reflect who we are and how we live.

New to this catalog is an easy-to-navigate "Lighting 101" section starting on page 750. The information included here combines a remarkable amount of sizing guidelines, measuring and installation suggestions and technical tips. We understand that lighting is a commitment and we strive to provide you with the know-how to get it done right the first time. As always, we recommend that you seek out the help of a professional, either at a local lighting showroom or through one of our qualified Hinkley authorized resellers, with any questions. I invite you to visit the back cover of this catalog to learn more about our company and how to connect with us.

I recently celebrated my 45th year with the company and it has been exhilarating to witness the evolution of decorative lighting and Hinkley's contribution to that growth. Our heritage combines with a relentless pursuit of innovative design and technology to create modern lighting that illuminates what you treasure most and we remain committed to keeping your "Life Aglow."

Rick Wiedemer

ICONS *and* FINISHES

Throughout this catalog we have utilized a variety of important icons and finish codes to assist you with your lighting selections. Below is a key describing each of these icons in detail as well as a list of our extensive product finishes with abbreviated codes for easy reference.

PRODUCT ICONS

ADA COMPLIANT
Indicates fixtures that adhere to the standards and guidelines listed by the Americans with Disabilities Act.

COMBINATION MOUNT
Indicates fixtures that are supplied with the means to be chain hung or mounted flush to the ceiling.

DARK SKY
Indicates fixtures that are engineered to minimize light glare upward into the night sky.

DIFFUSER INCLUDED
Indicates fixtures that come equipped with a diffuser to minimize bulb exposure and soften the intensity of light omitted.

FIXTURE EXCEEDS 50LBS.
Indicates fixtures weighing over 50lbs. Fixtures must be supported independently of the outlet box unless the outlet box is UL listed for the appropriate weight. Required hardware included.

GU24
Energy-efficient socket accepts LED and fluorescent lamps

INVISI-MOUNT
Indicates fixtures where the mounting hardware is hidden on the back plate.

LED
Fixtures come equipped with a fully integrated LED panel and built-in driver.

OVAL-SHAPED FIXTURE
Indicates chandeliers that are oval in shape.

SELECT-A-LITE
Indicates fixtures that come with sockets that can accept either candelabra or medium-based bulbs.

TITLE 24
Title 24 is a state of California Residential Energy Code updated every three years. It applies to any project under review through a building permit. Designated LED and GU24 products meeting Title 24 also qualify for Title 21 Commercial use.

what is the SECRET TO HAPPINESS?

We can tell you. And we aren't even being dramatic here. The secret to happiness is: make every moment count. Our mission is to create chic, innovative lighting to illuminate all of your moments, whether day-to-day or special occasions...we believe each moment matters.

To help inform your lighting choices, we are excited to share the Hinkley Idea Centers. These sections are introduced at the beginning of the Chandelier, Bath and Outdoor sections to inspire, educate and entertain. Inside each of these stylish mini-magazines are articles, advice and ideas to kick-start the creative process. Scout out **STYLE FILES** for curated offerings that break down the chicest trends and products. Look no further than the **OBJECT OF OUR AFFECTION** for delicious design details that are not to be missed. Check off important technical and installation advantages in **THE SUGGESTION BOX** for subtle but important construction features. All of this information is geared toward making your research process enjoyable and informative...because every moment counts.

Happy Reading!

COME TOGETHER

When your space can be enriched with multiple fixtures, this dramatic visual can give the impression of a carefully curated art installation and make every day feel like a special occasion. Consider whether to hang in a neat row, cluster closely together or vary at staggering heights to achieve the ideal application. Carefully research the installation requirements of the space and how the scale, style and environment can merge for dynamic results.

"IT'S ALL ABOUT TEXTURE— play up metals and weathered, rustic woods juxtaposing them for a rich and layered look."

RACHEL REIDER

FULTON 3336BZ, PAGE 249

HOUSE OF *style*

BRING YOUR DISTINCTIVE STYLE HOME AND CREATE A DÉCOR-DEFINING FOCAL POINT WITH THE RIGHT CHANDELIER

Whether you are looking for the epitome of elegance or a modern marvel, a statement chandelier can make your room roar with personality. With an incredible variety of styles, textures, materials, sizes, finishes and technology available today, lighting design has become more exciting and dynamic than ever before. What makes your heart beat a little faster? Take advantage of all the resources at your fingertips: get inspired, research, ask the right questions and find lighting you will love!

NEST FR41624ORB, PAGE 373

START YOUR (CREATIVE) ENGINES

Following a few simple tips can make your selection process a snap. Once you have identified the area you want to light and the amount of illumination you want to achieve with your chandelier, break it down into 3 simple segments: Design, Scale and Finish.

It's easiest to start within a style category, like Traditional, Arts & Craft, Modern or Transitional so you are starting with the right silhouette from the get-go. From there, explore the exciting elements that can encompass your chandelier design, such as sleek crystals, aged rope, drum shades or distressed wood.

THE NUMBERS GAME

Pull out the measuring tape to ensure you are honing in on the perfect fit to bring out the best in your space. By calculating the dimensions of areas you want to light, you can decide whether you need (or want) multiple fixtures as well as layering in other fixtures, such as sconces. Check out our Lighting 101 Guide starting on page 750 for helpful guidelines to achieve the ultimate size and placement you desire.

FINISH STRONG

Don't underestimate the power of the palette. This critical design element can take a fixture from fine to absolutely fabulous so view it in person before you decide it is striking the right tone.

"The first things I determine are style and size. Am I looking for sparkle and glam? Then I go for polished chrome and crystals. Is it more mid-century? Then I'm looking for drum shades, natural woods and metals. Size and proportion are always the next factor, because you can find the perfect style but if it does not come in the correct size it's no good. I enjoy the fact that Hinkley offers multiple sizes in each style!"

LISA MCDENNON | LISA MCDENNON DESIGN
LAGUNA BEACH, CA

FINISH what you *started*

WITH OVER 90 ENCHANTING FINISH OPTIONS, WE HAVE GOT YOU COVERED!

Rustic, refined, sparkling or sedate… the finish on your light fixture brings a distinctive dash of fashion into the mix. Our designers and artisans pay close attention to what is happening in the world of furniture, appliances and plumbing to make sure our lighting can complement every area of your home but that doesn't mean you have to go matchy/matchy. Don't be afraid to mix and mingle your tones if it all flows together. However, caution rules the day: assess the finish in person at your local showroom or request a sample to compare with other design elements in your space. Extra effort during your research process will ensure you cross the finish line in style.

CLOCKWISE FROM TOP LEFT:

MARION 4473TB, PAGE 87 I CASPIA FR43759SLF, PAGE 352

ELEANOR 4958HB, PAGE 55

BRASS IS BACK!

Don't dismay, this retro-inspired finish is not the harsh tone from decades ago. It has developed into a soft, warm metal hue that can make a design appear at once timeless and transitional. "The golden tone is actually much less of a color statement than black or bronze, so brass is more easily blended with other metals and finishes throughout an interior. It lends itself well to mixing," says designer Heather Garrett. Hinkley offers a range of brass selections across traditional, modern and transitional styles to help you find lighting you will love.

"If you love a little glamour and attention, brass is perfect."

SARAH SWANSON | SARAH SWANSON DESIGN
CALGARY, ALBERTA

KITCHEN **CONFIDENTIAL**

This multi-tasking mecca needs to work hard while going the distance with dazzling design. Consider a chic chandelier that injects some serious style while illuminating family breakfasts, nightly homework with the kiddos, holiday prep and everything in between. This room is a work-horse, no doubt about it, but the right lighting can camouflage its serious side. Remember to expand your horizons and take into account not only the over-head fixtures, but the all-important task and ambient lighting to maximize your kitchen's flexibility.

PRESCOTT 4960OB, PAGE 129

BULBS
BEYOND COMPARE

BREATHTAKING BULBS GIVE YOU THE CHANCE TO CUSTOMIZE A FIXTURE, FROM FUN VINTAGE-INSPIRED FILAMENTS TO CHIC ROUNDED VANITY BULBS TO EXAGGERATED FLAME TIPS.

MARGEAUX 3580VS, PAGE 225

SUBLIME **SCONCES**

DRESS IN LAYERS! The same holds true for an inviting, well-lit environment: nothing creates a more compelling space than one with layered lighting. In addition to the functional benefit of additional illumination, sconces can accessorize a room by acting as a fabulous design detail. Use them to complement a chandelier, pendant or flush mount from the same collection to reinforce a cohesive design theme or you can get creative and add outdoor sconces for an unexpected touch. Helpful hint: install sconces on either side of a mirror and use its reflective properties to subtly and magically increase the light quotient. Have fun with shades here as well! Not only can shades artistically shield the light source, they have a huge impact on the look and feel of the sconce itself.

bright idea

"When adding sconces into a living room, mount them on both sides of a fireplace or on either side of a mirror."

VICENTE WOLF | VICENTE WOLF ASSOCIATES, INC.
NEW YORK, NY

TALKING IN CIRCLES

CHIC CIRCULAR LIGHTING DESIGNS offer a fresh take on the traditional chandelier silhouette. The shape adds a subtly modern dimension to your décor but by no means does that have to translate to ultra-contemporary. A sphere contributes to the appearance of a larger object in the space and since it doesn't have to be a solid structure, this allows the eye to pass through, giving you the illusion of an airy glow. A layering effect is created with the inside structure transforming into a design component that enhances the sphere itself, to draw attention not just to what's inside but to the entire piece.

BOLLA™

FINISH OLDE BRONZE
GLASS LIGHT AMBER SEEDY

Bolla Bath,
pages 461-463

The graceful lines of Bolla's sweeping double arms create a soft elegance while heavy cast spheres perched at the tips add to its innovative style. The strong proportions of the arms contrast with the subtle bell shaped glass, combining both traditional and modern details.

INDUSTRIAL *strength*

STRIKING THE PERFECT NOTE BETWEEN
FORM *and* FUNCTION

Industrial chic lighting instantly infuses any space with the early 20th century's spirit of innovation, efficiency and pared down pretense. A combination of utilitarian raw materials, stripped-back designs and bold finishes create a fashionable statement worthy of a variety of interiors, from traditional luxe to casual contemporary.

CONGRESS

Schoolhouse rocks! Customize your lighting with the ultimate mix and match system that gives a spirited nod to retro flair.

HERE'S HOW IT WORKS:

1

CHOOSE A STYLE
(chandeliers, sconces, pendants and flush mounts)

2

CHOOSE A FINISH
(antique nickel, chrome and oil rubbed bronze)

3

CHOOSE A GLASS
(four shapes in clear and etched opal)

Don't miss the stylish wire and metal shade silhouettes starting on page 269.

THE TRIFECTA

(a pendant trio packs a perfect design punch)

CONGRESS PENDANTS 3112OZ (PAGE 271) SHOWN WITH CEILING ADAPTER 83669OZ (PAGE 418)

CONGRESS PENDANTS 3135AN, 3134AN, 3133AN (PAGE 273) SHOWN WITH CEILING ADAPTER 83667AN (PAGE 418)

Congress is a traditional design that combines both hip and historical elements. This chic retro glass, mix and match collection comes in different shapes, colors and materials and is the perfect vintage accent to any décor.

OVERSCALED SEMI-FLUSH

Make a strong design statement, whether modern, rustic or with all the glamour of a crystal-embellished creation. A fixture of this scale can create a dramatic focal point in bedrooms, home offices, mud rooms, laundry rooms or any space where a traditionally-sized flush mount appears inadequate.

For all flush and semi-flush mounts, see pages 24-28.

PARLEZ-VOUS PENDANTS?

This chic silhouette is a
TOUR DE FORCE
in lighting design.

These dashing darlings add an instant dose of style while contributing a focused beam of light for task lighting that is long on luxury. Pendants also offer incredible flexibility, with opportunities to go solo and brighten petite places or gather together in groups of three or more for a grand statement. Depending on the environment, you can use the height of the ceiling to your artistic advantage: hanging pendants lower can yield an installation that fashionably elevates the everyday.

CABOT™

CABOT BLENDS VINTAGE SIMPLICITY AND RUSTIC SOPHISTICATION. A FORGED IRON RING IS CAPTURED WITHIN THE RICH WOOD FRAME THAT RECALLS A VINTAGE OAK FINISH WHILE BOLD "S" HOOKS TRANSITION FROM THE WOOD FRAME TO THE CHAIN. A RUSTIC IRON FINISH AND OVERSCALED GLASS CYLINDERS COMPLETE ITS INDUSTRIAL CHIC STYLE.

Cabot wood finish: Vintage Walnut (VWL)

Cabot chandeliers are provided with 12' of wire and 10' of chain.

Bulb specifications indicate maximum wattage.

BATH
HINKLEY
LIGHTING

"I love natural light everywhere.
In regards to bathrooms, fixtures that mimic natural light, those using halogen bulbs, are always my choice."

JILL SHARP BRINSON
JILL SHARP STYLE
ATLANTA, GA

THE SCOOP ON SCONCES

Sconces are the go-to choice for vanity lighting, producing a soft, warm radiance that evenly distributes the light on either side of your face, right where you need it most. As a general guideline, install at eye level or approximately 66" from the floor and typically 28"-40" apart, so the light beams overlap and produce an even glow.

An endless range of styles means you can allow your creativity to flow but pay special attention to the shades, which can influence both form and function. Look for light-filtering materials such as opal, etched linen, rain or piastra glass that provide a stylish solution to gently minimize any glare while still allowing the light to gently wash over the face and hair. When there are multiple sinks, be sure to provide each area with its own light source.

"SCONCE LIGHTING PROVIDES, IN MY VIEW, A FEELING OF INTIMACY AND WARMTH YOU SIMPLY CAN'T GET WITH OVERHEAD LIGHTING."

HEATHER GARRETT
HEATHER GARRETT INTERIOR DESIGN
DURHAM, NC

delightful DIMMERS

One of the top tips for maximizing your bathroom lighting is to install dimmers. Don't think of this as a luxury but a necessity! Often considered a designer's best friend, dimmers afford absolute control over the mood of the space, providing you the opportunity to morph the bathroom into a cocoon of relaxation or a brightly lit beacon for the morning rush.

styling a

TRADITIONAL BATH

COLETTE 58783OZ, PAGE 492

create a CLASSIC OASIS

elegant lighting with details like hand-lathed finials and softly curved glass

brushed metallic hardware & accents

soft towels in layers of similar-hued solids, stitching and patterns

choose warm earthy elements such as rich wood and shell-toned stone

showcase classic feminine style with a stylistic display of signature scents and chic cosmetics

complement with candlelight for an added element of tranquility

"USE WHITE, PALE PINK AND BRASS FOR CASUAL GLAMOUR AND WARMTH."

SARAH SWANSON | SARAH SWANSON DESIGN

the FAB FOUR

In order to function properly, bathrooms require a well-designed lighting plan, especially when you have multiple areas to light and numerous tasks to accomplish. Here's a quick primer on what you need to know to create a series of lighting layers, whether you are renovating or building from scratch. ***Bottom line: one light source won't do in an environment this industrious!***

TASK Flattery is everything! To achieve the ultimate cross illumination, install vertical sconces on either side of the mirror. When side lighting is impractical due to space constraints, mount a fixture that is at least 24" wide over the mirror and about 75"-80" from the floor. Opt for LED bath lighting for maximum light output.

AMBIENT Overall illumination mimics natural light and is supplied by a central overhead installation. This fixture allows light to bounce off the ceiling and fill the perimeter of the room with a warm glow. Controlling the intensity of this light with a dimmer is suggested.

ACCENT For a sophisticated setting, choose accent lighting to illuminate the special details that relax and recharge you. Architectural elements or a cozy seating area will appear even more calming and spa-like when lit properly.

DECORATIVE For a dash of panache, get creative by hanging an eye-catching chandelier or pendant from the ceiling to create a living room-like feel, raising the luxury factor.

WHO IS THE *fairest* OF THEM ALL

If traditional lighting applications in the bath aren't your cup of tea and you are looking to make a dramatic statement, try installing a fixture directly onto a mirror. "I actually have done this in my own home! I love it because of the impact the oversized mirror has on the overall space…and it's a fun take on a classic," says designer Sarah Swanson. Just because this is a more modern interpretation of bath lighting doesn't mean the style of the fixture or even the space itself has to reflect a contemporary look. Classic bath fixtures develop a dashing new edginess simply by placing them in a unique position.

"It creates a wonderful glimmer when the light and fixture reflect back into the mirror."

LISA MCDENNON | LISA MCDENNON DESIGN
LAGUNA BEACH, CA

ALICE 5832BR, PAGE 495

MAKE A *splash*

Whether it's a petite powder room or a massive master bath, consider the ultra-chic combination of decorative sconces with a chandelier to inject a dramatic element. Elements of elegance and personal panache shouldn't be relegated to the "main" rooms of your home: our bathrooms deserve design love too! Make this important sanctuary a place to relax, recharge and renew as you start and end your day bathed in luxurious lighting.

"I LOVE TAKING AN INTIMATE 'LIVING ROOM' APPROACH TO INTERIOR SPACES NOT USUALLY THOUGHT OF IN THAT WAY... YOUR CLOSET, YOUR HALLWAY, YOUR BATHROOM ARE ALL INTEGRATED INTO THE WAY YOU LIVE IN YOUR HOME. HOW YOU ILLUMINATE A BATHROOM CAN ENTIRELY DETERMINE ITS FEEL. MAKE EVERY INCH OF IT FEEL GREAT!"

SAY WATT

It goes without saying but the amount of light required in a bathroom is critical. We recommend a bare minimum of light output equivalent to 150 watts of incandescent light be used when lighting the vanity. This ensures that there will be adequate light for grooming, applying makeup, shaving or helping the kids brush their teeth. If you are worried about too much wattage, simply switch to a lower wattage bulb or install a dimmer. Play it safe: once the light fixture is installed, it can be challenging to increase the amount of light you need but quite simple to reduce it, so plan ahead.

"For a relaxing spa-like effect, using light fixtures that provide indirect and diffused lighting is always the best. Find fixtures with frosted glass and up-lighting."

LISA MCDENNON | LISA MCDENNON DESIGN
LAGUNA BEACH, CA

IT'S A *long* STORY

With bathrooms expanding and gaining additional square footage, this trend has naturally influenced other important elements. Luxe vanities have become elongated to accommodate chic, narrow vessel sinks and extra-long tubs encourage spa-like soaks. In these situations, it's wise to invest in lighting that is up to the task of illuminating larger areas. Look for extended bath bars (such as 40" in width) that can offer up to 6 lamps. This ensures your lighting plan is delivering the appropriate light output across a broader spectrum as well as meshing seamlessly with the overall design.

DAPHNE 5924 CM, PAGE 439

Daphne features contemporary pocket style bubble art glass set against a sleek raceway back plate in chic Chrome, Brushed Nickel or Brushed Bronze finishes. The etched bottom lens conceals the light source.

OUTDOOR

HINKLEY

LIGHTING

"**ENERGY EFFICIENT LIGHTING** is a must for eco-concious homeowners. Now that the options for LED lamping mimic the luminous feeling of incandescents, we no longer have to choose between beautiful light and energy efficiency."

HEATHER GARRETT | HEATHER GARRETT INTERIOR DESIGN
DURHAM, NC

DORIAN 2195BZ, PAGE 615
SOLARA 2020BZ, PAGE 612

WELCOME HOME *to style*

The warm glow of a lantern perched outside the front door has welcomed people home for centuries. Look for a style that complements your exterior, reinforcing the architectural elements for a smart façade that yields ample curb appeal. Brightening the entrance and exit points of your home makes security sense too, by deterring unwanted visitors and ensuring a safe passageway when laden with packages, keys and mobile devices. Typical installations include one lantern (we recommend it appear approximately ⅓ the height of your door from the street) or if space allows, two lanterns (about ¼ the size of the door) that are placed on either side to complement the entrance. For long porches that run the length of the home (lucky you!), consider placing a series of hanging lanterns to illuminate this area for a warm and inviting appearance.

"Being able to see outside at night is a wonderful way to enlarge the feeling of the size of the property. The exterior becomes an extension of the interior and helps create the multi-dimensional home."

KATIE LYDON | KATIE LYDON INTERIORS
NEW YORK, NY

ALFRESCO ATTITUDE

EXPANDING YOUR ENVIRONMENT with outdoor lighting unifies the relationship between your home and your natural surroundings and guarantees your neighbors will stop and stare! Create a cohesive style statement and integrate different lighting techniques with lanterns complemented by landscape lighting options like Path, Accent, Spot and Deck & Step. This often requires research and expert recommendations regarding the layout and installation to ensure it's done properly. For more information on Hinkley Landscape Lighting, we have plenty of tips, guidelines and advice! See pages 746-747 at the end of the outdoor section for more information and a breakdown of all our landscape lighting research tools.

"Exterior lighting WITH A LARGE LANTERN AT THE ENTRY *sets a great stage."*

LET IT OUT

Thanks to advancements in technology, fashionable finishes are no longer confined indoors. Rigorously tested to withstand harsh environments, from sea salt to frigid air and relentless heat, we have developed a wide palette of durable outdoor finishes in rich hues and bold shades. When paired with sophisticated glass and decorative reflectors, these finishes will ensure your outdoor lanterns look striking from every angle under the sun.

THE *OUTSIDERS*

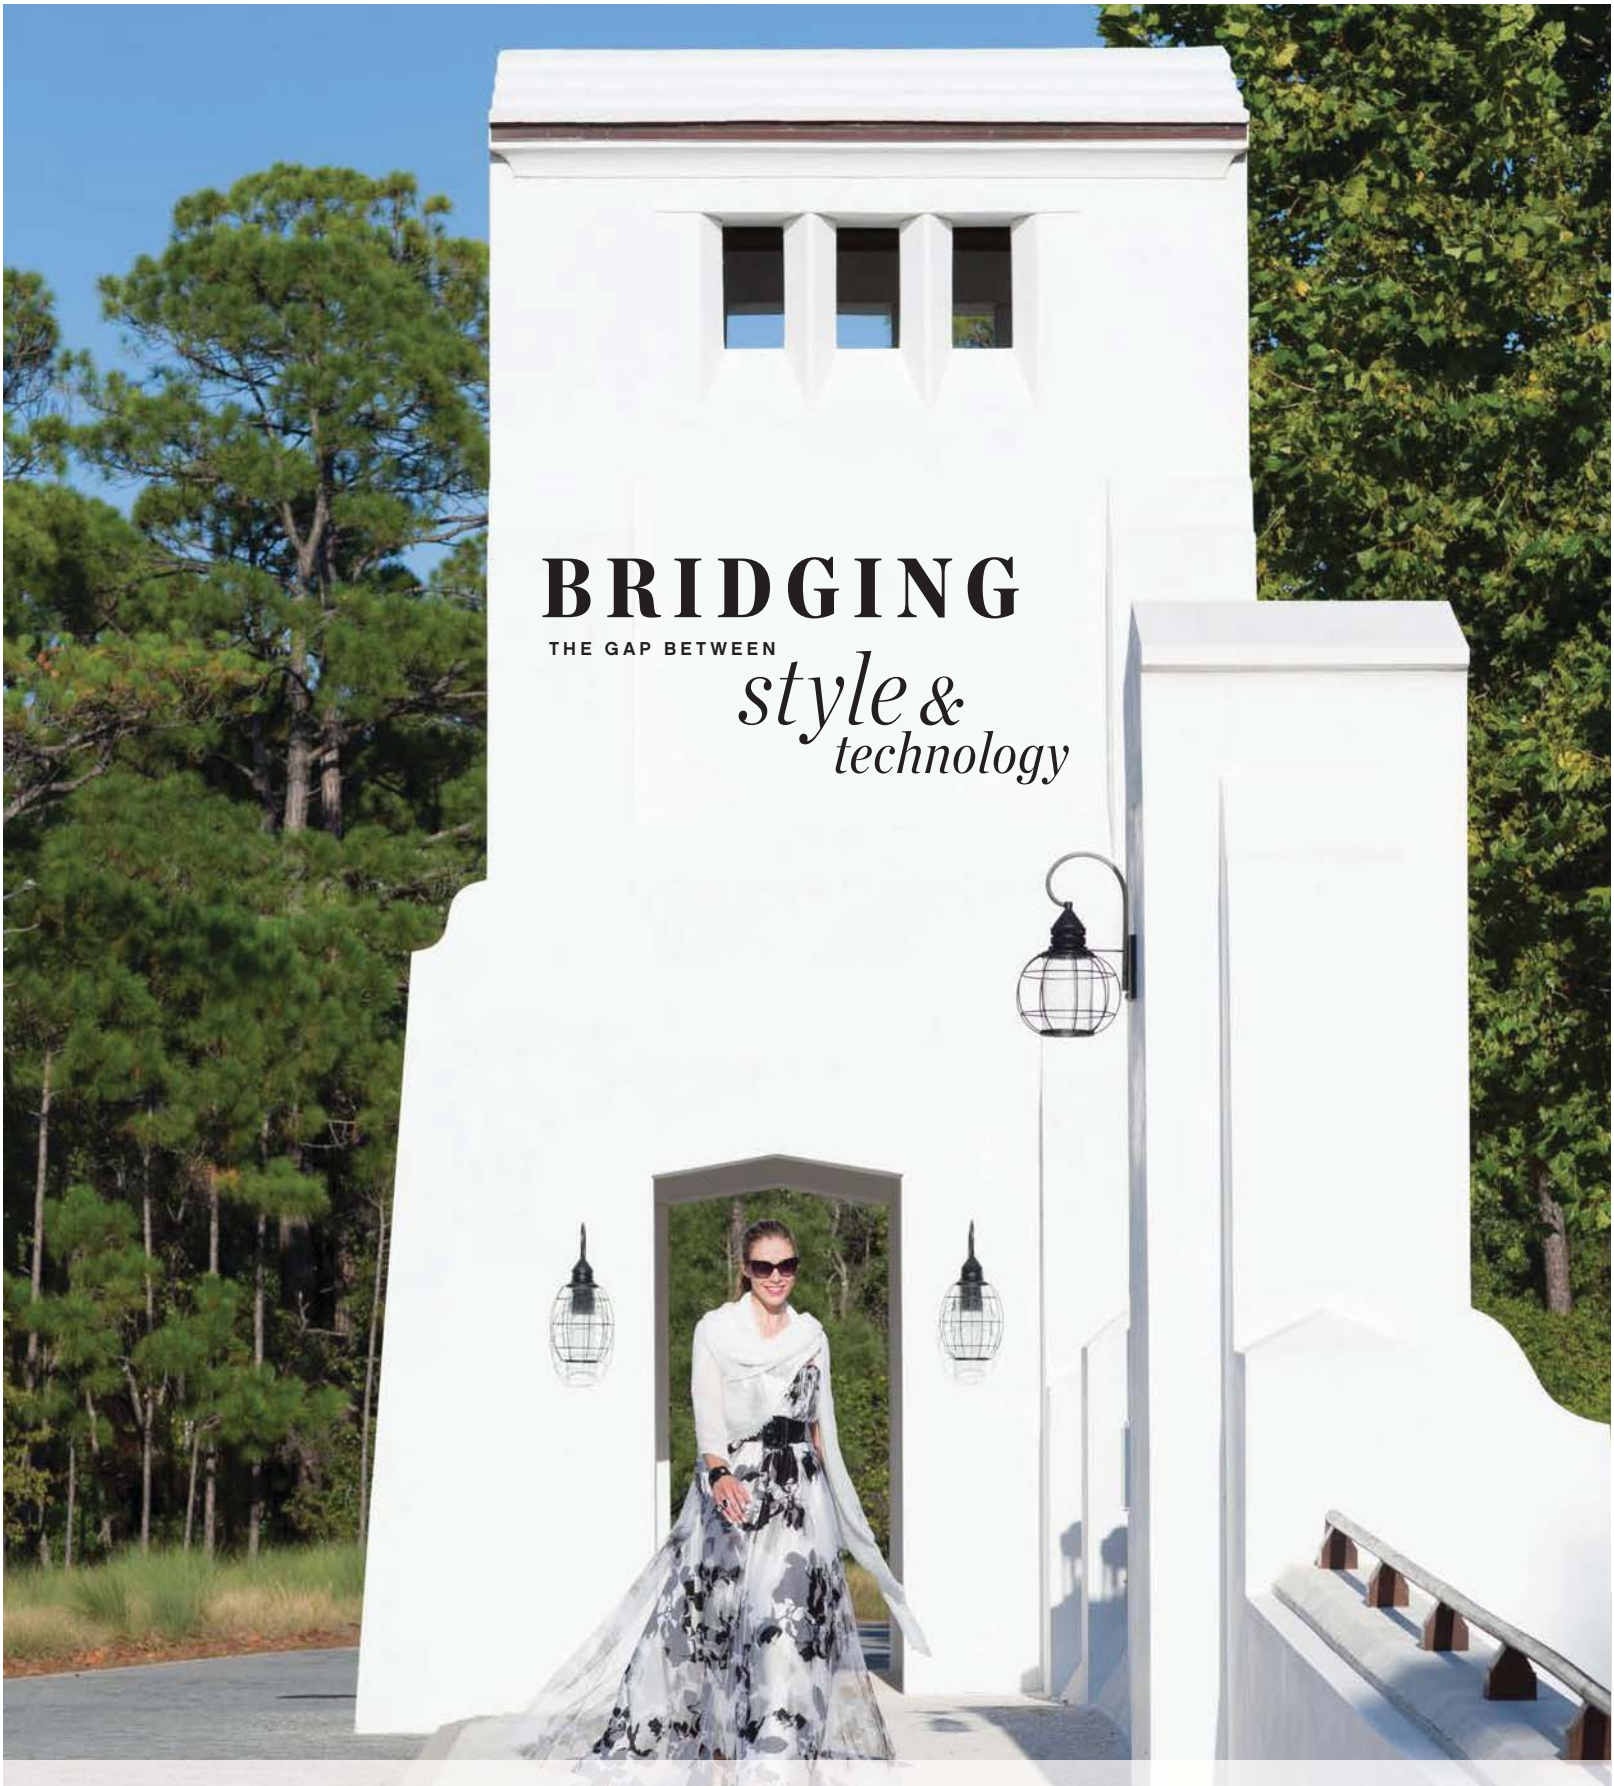

— Dolce Far Niente —

THE SWEETNESS OF DOING NOTHING

Let the outdoors in by creating multi-dimensional exterior living spaces that blend the best of both worlds. By adding layers of outdoor lighting, you can craft defined areas to lounge and linger, day or night. Hanging and wall mounted lanterns will tastefully illuminate everything from lush landscaped walkways to chic chaises and cozy eating alcoves, balancing creature comforts with the call of the wild.

"AN OUTDOOR SPACE IS AN EXTENSION OF THE HOUSE AND MY FAVORITE PLACE TO ENTERTAIN. I LIKE TO MAKE IT AS COMFORTABLE AS POSSIBLE—LAYERS OF AMBIENT LIGHT, COMFORTABLE SEATING, THROW PILLOWS AND EVEN A RUG TO MAKE IT A SPECIAL SPACE."

RACHEL REIDER | RACHEL REIDER INTERIORS
BOSTON, MA

BRIDGING

THE GAP BETWEEN

style & technology

Eco-chic lighting is a reality! No longer constrained by minimalist designs that are often a necessary blueprint to accommodate the physics of LEDs, Hinkley's engineers have developed cutting edge Integrated LED light engines for use in a wide variety of our most popular decorative styles. In short: Hinkley has the largest offering of energy-efficient outdoor products in the industry! If you are committed to an energy-efficient outdoor lighting plan, we've got you covered with everything from colonial to contemporary to coastal collections. Up-to-the-minute specs on everything from operating voltage, light color and incandescent equivalency are always available on hinkleylighting.com.

NEW CASTLE 2258BK AND 2255BK, PAGES 636-637

DAY&LIGHT

THE FRESH FACE OF EXTERIOR **INTEGRATED LED**

SEE HOW HINKLEY'S INTEGRATED LED LIGHT SOURCES FUNCTION AND FLATTER ANY FAÇADE DURING THE DAY AND INTO THE EVENING.
LED light sources produce a consistent warm white light of 2700K and >90 CRI.

UNI

EDGEWATER 1676BK-LED, PAGE 727

UNI

DAY UNI engines are round discs set into the top of a fixture, making them only slightly visible and leaving an open appearance.

LIGHT A fixture using a UNI engine shines light down, capturing the detail of the glass in the light pattern it produces.

LESM

CAPE COD 2200DZ-LED, PAGE 643

LESM

DAY The LESM engine replaces a standard medium base socket with a frosted glass dome approximately half the size of a standard incandescent bulb.

LIGHT An LESM engine sits further down into the glass portion of the fixture, allowing for a spread of light that extends further out and up from the fixture.

CONSTRUCTION *SIGHT*

THE DESIGN OF EVERY HINKLEY FIXTURE begins and ends with an essential formula that calculates both form and function. Performance is paramount, so the construction process of our lanterns is subject to intense inspections and analyzed numerous times with special consideration given to the harsh conditions these beauties are exposed to. To ensure they stand the test of time, temperature and technical toil, Hinkley employs an exceptional on site ETL-rated laboratory to verify the superior aptitude of every single lantern.

While researching outdoor lighting, look for materials used in the construction like stainless steel, solid brass or cast aluminum for maximum durability. Pay attention to the glass, welding and ease of re-lamping—all of these point to a well-constructed fixture worth your investment.

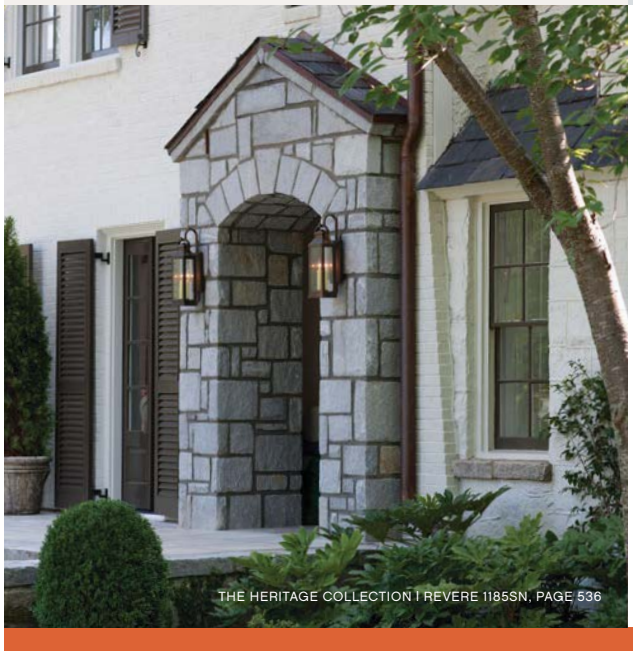

a breath of FRESH AIR

Sometimes it's fun to break the rules! By placing lanterns inside your home that were originally created with styling and proportions appropriate for outdoor installation, you can shine a new light on an interior space. Bold silhouettes and unexpected finishes work to your advantage to create a fresh, modern design statement.

YORK™

FINISH BLACK
GLASS CLEAR SEEDY

York uses authentic exposed rivet construction hand-made in solid aluminum and celebrates the bold traditional lantern design Hinkley is renowned for. This classic hip roof and wire cage turn of the century style comes with an optional interior metallic reflector and rolled top loop. The gallant proportions of its striking silhouette are reinforced with a vintage Black finish, cast face plate and clear seedy glass.

FINISH BUCKEYE BRONZE
GLASS ETCHED

Cordillera conveys contemporary chic with tall tubular glass, three-quarter trim rings and dramatic scaling. Solid aluminum construction and a Buckeye Bronze finish is paired with etched glass to complete this bold design.

SARAH SWANSON | SARAH SWANSON DESIGN
CALGARY, ALBERTA

BARRINGTON 1752VZ, PAGE 733

Barrington's chic, classic style transforms this design into a modern interpretation of the traditional outdoor lantern, constructed of solid aluminum. The cast finials combine with the clear seedy glass for added authenticity, while the lustrous finish is created in a multi-step, hand-painted process.

enchanting EXTERIORS

EXPAND YOUR ENVIRONMENT WITH HINKLEY'S WIDE SELECTION OF **LANDSCAPE LIGHTING**

The purpose of landscape lighting is to unify the relationship between your house and the landscaping that surrounds it. One of the great features of landscape lighting is that it allows you to start slowly and gradually add in more lights as your time, budget or exterior space allows. You may choose to begin with path lights to add safety to your walkways and then slowly fill in various accent lights to emphasize features of your landscaping.

Landscape lighting enhances your outdoor living environment, extends the hours of enjoyment you and your family spend outdoors and provides safety and security. Well-designed landscape lighting will reinforce aesthetic appeal and increasingly add more value to your home.

Residential outdoor lighting is an amenity that requires careful consideration and research. Hinkley offers a variety of tools to help you along the way. Explore our full-line Landscape Lighting catalog, learn from our easy-to-follow educational videos or visit us online at hinkleylandscapelighting.com for detailed guidelines, tips and recommendations. If you decide to enlist the help of an expert, use our convenient showroom locater to find professional lighting consultants in your area.

LIGHTING 101 VISUAL DIAGRAM

glossary of LIGHTING TERMS

BE IN THE KNOW! **LEARN THE LINGO**
TO HELP YOU SELECT THE PROPER LIGHTING PRODUCT

ACCENT LIGHTING
Lighting that is used to accent or highlight a particular object such as a work of art. To be effective accent lighting should be approximately four or five times the level of ambient light in the room.

ADA (Americans with Disabilities Act)
ADA compliant fixtures do not extend more than 4" from the wall.

AMBIENT LIGHTING
General lighting that usually lights up an entire space.

ARM
A decorative shaped tube or casting that is used to support a socket that usually has socket wires running through it.

BACK PLATE
The part of a fixture that mounts to a wall or vertical surface.

BOBECHE
A disc or decorative plate that sits under the candle sleeve.

CANOPY
The decorative plate that attaches to ceiling to cover the junction box.

COMBINATION MOUNT
Refers to the ability of a fixture to either be hung by chain or mounted directly to the ceiling.

CFL (Compact Fluorescent)
An energy efficient fluorescent bulb with a lifespan that is ten times longer and 3 to 4 times more efficient than an incandescent bulb.

DIFFUSER
A shield or shade that softens light intensity and/or prevents the light bulbs from being directly exposed.

DIMMER
A device used for varying the brightness of lamps in a lighting installation. Dimming controls are ideal for almost any type of room because they can change the amount of lighting to suit each mood or activity.

EXTENSION
Refers to the depth of a wall mounted fixure or the measurement from the wall to the farthest point on the fixture away from the wall.

FINIAL
A small finishing ornament at the crown or bottom of a fixture.

FLUSH OR SEMI-FLUSH MOUNT
Sometimes referred to as ceiling mounted fixtures, these fixtures mount directly to the ceiling with a "pan" or canopy.

GLASS OR SHADE
A decorative opaque or translucent covering on light fixtures designed to shield the light source or redirect the light.

LAMPS
Another term for bulbs, also referred to as lamping.

LED (Light Emitting Diode)
Extremely efficient and long lasting solid state lighting. Estimated LED chip life= 40,000 hrs.

PENDANT
These fixtures can be used to provide both task and general lighting. Equipped with shades or globes to avoid glare, they are suspended from the ceiling over tables, kitchen counters or other work areas.

SCONCE
An ornamental light fixture attached to a wall to provide additional layers of light in a room.

TASK LIGHTING
Lighting that is specifically installed to light an area where a task is performed.

TOP TO OUTLET (TTO)
The measurement from the top of the fixture to the center of the outlet box when installed.

TRANSFORMER
An electrical device that transforms the line voltage (usually 120 volts for residential settings or 277 volts for commercial settings) into the voltage that a low voltage lighting system requires (12, 15 or 24 volts).

WATTAGE
The amount of energy consumed by a light bulb.

CHANDELIERS

THE PERFECT CHANDELIER IS THE STANDOUT SHOWPIECE OF A HOME. OUR SIZING TIPS AND SUGGESTIONS WILL HELP YOU FIND THE RIGHT FIT TO MAKE YOUR SPACE SHINE.

PLYMOUTH 4254OB, PAGE 135

FOYER LIGHTING

High and spacious ceilings lend well to the use of one large or multiple chandeliers to create a grand entrance. If your foyer has a second story window, center your chandelier so it is easily seen from outside the home.

CLANCY 3034KZ, PAGE 180

DON'T FORGET TO DIM!

Ensuring your dining room lighting is on a dimmer is a must for added flexibility in creating the appropriate environment. The atmosphere of Sunday brunch differs from that of a dinner party, and lighting is a crucial element in setting the right mood.

Chandeliers make a statement in all areas of your home: kitchens, dining rooms, foyers, living rooms, and even in smaller spaces such as a reading nook. For more ideas and unexpected applications, visit the Chandelier Idea Center on pages 47-52.

SCONCES ARE RECOMMENDED TO BE SPACED

6′-8′

APART, WITH THE CENTER OF THE LIGHT SOURCE

66″

FROM THE FLOOR

BROADWAY FR41434PAL + FR41430PAL, PAGES 398-399

SCONCES

Versatile and available in an extremely wide variety of styles and finishes, sconces add a key visual interest to your walls. In larger areas such as foyers or spacious dining rooms, sconces are a stylish solution to supplement chandeliers.

PENDANTS

Whether your space allows for a single pendant as a solo style statement or a grouping for a sizable impact, pendants are a great go-to for decorative task lighting. Keep in mind that when placed in an area where people tend to gather, such as a kitchen island, that pendants should be installed high enough that people can see one another, but not so high that they are blinded by the glare of the bulbs.

A RECOMMENDED RANGE TO HANG PENDANTS IS WITH THE BOTTOM OF THE FIXTURE

28″-34″

FROM THE COUNTERTOP

SHELTER 1328BK, PAGE 607

HAMPTON 3211AN, PAGE 205

FLUSH & SEMI-FLUSH MOUNTS

A staple in lighting design, flush and semi-flush mounts add a decorative flair to any space and are an easy way to add overhead ambient lighting. The bottom of a fixture should be no lower than 7' from the floor, making a flush mount the best option for rooms with lower ceilings, and a semi-flush when ceiling height allows.

To determine size, add the length and width of a room in feet and that number, in inches, is the guideline for the fixture's diameter.

10' X 10' ROOM: 20' (20" DIAMETER FIXTURE)

FLUSH MOUNT

SEMI-FLUSH MOUNT

THISTLEDOWN 4170VZ + 4171VZ, PAGE 96

SCONCES

Properly installed task lighting in the bathroom is a must for grooming, such as applying makeup or shaving. The ideal application is to have fixtures mounted on either side of a mirror to eliminate unnecessary shadows.

Sconces should generally be installed 36"-40" apart from one another, with the center of the light source at eye level, approximately 66" from the floor.

A bare minimum of light output equivalent to 150 watts of incandescent light should be used in lighting the vanity, and it is always safer to initially err on the side of too much wattage. In cases where you find there is too much light, either use lower wattage bulbs or install a dimmer.

BATH BARS

If sconces are not an option for your bathroom because of space or design constraints, a bath bar above a vanity is an ideal selection for adding style and substance to your space.

A BATH BAR OVER A VANITY SHOULD BE AT LEAST

24"

WIDE AND MOUNTED

75"-80"

FROM THE FLOOR

Consider layering light in your bathroom for the perfect mix of task and ambient illumination. A flush or semi-flush mount is a functional and decorative complement to vanity lighting.

Outdoor LIGHTING

ILLUMINATING THE EXTERIOR OF YOUR HOME EXPANDS YOUR LIVING ENVIRONMENT, HEIGHTENS CURB APPEAL AND ADDS SAFETY TO ANY OUTDOOR SPACE.

OUTDOOR LANTERNS

Entryway lighting is the optimal accessory to the facade of your home, serving as a welcoming feature for your family and guests. Keep in mind that when selecting decorative outdoor lighting, it is best to stay true to the period and architectural style of your home's exterior.

TWO OUTDOOR LANTERNS ON EITHER SIDE OF AN ENTRYWAY SHOULD APPEAR TO BE

1/4

THE SIZE OF THE DOOR FROM A DISTANCE (⅓ FOR A SINGLE LANTERN)

HELPFUL TIP

TAKE CARE TO INSTALL FIXTURES OUT OF THE GRASS OR IN AREAS THAT WILL NOT INTERFERE WITH MOWING OR OTHER LANDSCAPING TASKS.

PATH LIGHTS

Landscape lighting plays an integral part in highlighting the natural environment surrounding your home. By installing path lights, shrubs and flower beds will shine bright even at night, and walkways remain visible for after hours use.

View the full line Hinkley Landscape Lighting catalog for all path light options.

INSTALLING PATH LIGHTS APPROXIMATELY

THIS IS **HINKLEY**

At your fingertips | AWARD-WINNING CATALOGS

Check out our full range of products in easy-to-use, full color catalogs complete with sizing guidelines, design ideas and eco-tips.

Information 24/7/365 | DYNAMIC WEBSITE

hinkleylighting.com

Surf all of the details on our lighting collections, including the newest products from Hinkley and Fredrick Ramond, tips from professional designers and locate a Hinkley showroom in your area.

Make the world a better place | COMMUNITY INVOLVEMENT

The Hinkley Lighting family proudly supports breast cancer initiatives in an effort to help eradicate this horrible disease. By increasing awareness and supporting education and community events, together we can work towards finding a cure. Hinkley also supports a variety of other charitable organizations that strive to make a positive difference in the lives of others. Visit hinkleylighting.com for more information.

Be inspired | ENGAGING VIDEOS

Hinkley Lighting stands behind the quality of our lighting fixtures with product warranties that are among the strongest in the industry. For details of warranty coverage on specific products, please refer to hinkleylighting.com or consult a qualified Hinkley retail distributor.

Several Hinkley Lighting products are protected under U.S. Patent and foreign patent, or patent pending. For current information regarding Hinkley Lighting's patent portfolio, please visit hinkleylighting.com.

Consistent with our corporate strategy, we have printed this catalog using vegetable-based inks, paper made with wind power and FSC® certified paper which consists of 10% post-consumer recovered fiber.

According to the Mohawk Environmental Calculator, our paper selection preserves 309 trees for the future, saves 131,294 gallons of wastewater flow and prevents 28,603 lbs of greenhouse gases from being emitted into the atmosphere. Please consider joining our environmental efforts and recycling this catalog.
