— FAMILY OWNED & OPERATED SINCE 1922 —

# THE LEGACY CONTINUES

FROM LEFT : ERIC WIEDEMER, LEGAL COUNSEL; RICK WIEDEMER, PRESIDENT; JESS WIEDEMER, VICE PRESIDENT OF OPERATIONS

“AS A FOURTH GENERATION COMPANY WE ARE PROUD TO BLEND OUR HERITAGE AND INNOVATIVE SPIRIT TO PROVIDE THE MOST EXCITING, FASHION-FORWARD AND TECHNOLOGICALLY ADVANCED LIGHTING POSSIBLE.”

**RICK WIEDEMER**, PRESIDENT  
HINKLEY LIGHTING, INC. | CLEVELAND, OHIO

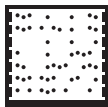

Under four generations of family leadership, Hinkley Lighting has transformed from a small outdoor lantern company to a global brand intent on bringing you the best in style, quality and value. We thrive on personal relationships, regional roots, inspiring design and a family atmosphere that is encouraged at every level of our company. If the past 90 years are any indication, it is with great pride and excitement that we set our sights on the horizon and extend our commitment to keeping your ‘Life Aglow.’

I AM PLEASED TO SHARE OUR NEW HINKLEY AND FREDRICK RAMOND CATALOG. Inside these pages you will discover how our passion for style, our pursuit of innovative design and our quest for state-of-the-art technology merge to fulfill all your lighting needs. A unique Pictorial Index, starting on page 10, gives a quick overview of our product offerings. Each collection is presented in an easy-to-understand format to simplify your selection process, while product video icons allow you to experience informational virtual overviews.

Hinkley's "Design Centers," our collaboration with nationally-recognized designers, editors, stylists and bloggers (see page 38), continues in our print and digital catalog editions and on [hinkleylighting.com](http://hinkleylighting.com). We are thrilled to partner with these acclaimed home decor experts and deliver helpful recommendations and insider tips directly to you. To make your research process even more enjoyable, look for our "Style Guides" and fashion-forward lifestyle photography to inspire your creativity and reveal the significant and exciting relationship between lighting and interior design.

Now is a time of unprecedented access to information about companies and their products and we offer a 360° engagement with the Hinkley brands to stimulate and educate your lighting selection. To connect with us, visit the inside back cover of this catalog and learn why "This is Hinkley."

We hope you enjoy your Hinkley experience.

Throughout this catalog we have utilized a variety of important icons and finish codes to assist you with your lighting selections. Below is a key describing each of these icons in detail as well as a list of our extensive product finishes with abbreviated codes for easy reference.

### ADA COMPLIANT

Indicates fixtures that adhere to the standards and guidelines listed by the Americans with Disabilities Act.

### COMBINATION MOUNT

Indicates fixtures that are supplied with the means to be chain hung or mounted flush to the ceiling.

### DARK SKY

Indicates fixtures that are engineered to minimize light glare upward into the night sky.

### DIFFUSER INCLUDED

Indicates fixtures that come equipped with a diffuser to minimize bulb exposure and soften the intensity of light omitted.

### DAMP LOCATION

Indicates fixtures that can withstand indirect moisture in a protected or sheltered environment.

### FIXTURE EXCEEDS 50LBS.

Indicates fixtures weighing over 50lbs. Fixtures must be supported independently of the outlet box unless the outlet box is UL listed for the appropriate weight. Required hardware included.

### GU24

Energy-efficient socket accepts LED and fluorescent lamps

### INVISI-MOUNT

Indicates fixtures where the mounting hardware is hidden on the back plate.

### LED

Fixtures come equipped with a fully integrated LED panel and built-in driver.

### OVAL-SHAPED FIXTURE

Indicates chandeliers that are oval in shape.

### SELECT-A-LITE

Indicates fixtures that come with sockets that can accept either candelabra or medium-based bulbs.

## A brief glossary of common lighting TERMS

### FLUSH OR SEMI-FLUSH MOUNT

Sometimes referred to as ceiling mounted fixtures, these fixtures mount directly to the ceiling with a “pan” or canopy.

**GLASS OR SHADE** A decorative opaque or translucent covering on light fixtures designed to shield the light source or redirect the light.

**LED** Light emitting diode. Extremely efficient and long lasting solid state lighting. Estimated LED chip life = 40,000 hrs.

**PENDANT** These fixtures can be used to provide both task and general lighting. Equipped with shades or globes to avoid glare, they are suspended from the ceiling over tables, kitchen counters or other work areas.

**SCONCE** An ornamental light fixture attached to a wall to provide additional layers of light in a room.

**TASK LIGHTING** Lighting that is specifically installed to light an area where a task is performed.

**TOP TO OUTLET (TTO)** The measurement from the top of the fixture to the center of the outlet box when installed.

**TRANSFORMER** An electrical device that transforms the line voltage (usually 120 volts for residential settings or 277 volts for commercial settings) into the voltage that a low voltage lighting system requires (12, 15 or 24 volts).

**WATTAGE** The amount of energy consumed by a light bulb.

**ACCENT LIGHTING** Lighting that is used to accent or highlight a particular object such as a work of art. To be effective accent lighting should be approximately four or five times the level of ambient light in the room.

**ADA** (Americans with Disabilities Act): ADA compliant fixtures do not extend more than 4” from the wall.

**AMBIENT LIGHTING** General lighting that usually lights up an entire space.

**ARM** A decorative shaped tube or casting that is used to support a socket that usually has socket wires running through it.

**BACK PLATE** The part of a fixture that mounts to a wall or vertical surface.

**BOBESCHE** A disc or decorative plate that sits under the candle sleeve.

**CANOPY** The decorative plate that attaches to ceiling to cover the junction box.

**COMBINATION MOUNT** Refers to the ability of a fixture to either be hung by chain or mounted directly to the ceiling.

**COMPACT FLUORESCENT (CFL)** An energy efficient fluorescent bulb with a lifespan that is 10 times longer and 3 to 4 times more efficient than an incandescent bulb.

**DIFFUSER** A shield or shade that softens light intensity and/or prevents the light bulbs from being directly exposed.

**DIMMER** A device used for varying the brightness of lamps in a lighting installation. Dimming controls are ideal for almost any type of room because they can change the amount of lighting to suit each mood or activity.

**EXTENSION** Refers to the depth of a wall mounted fixture or the measurement from the wall to the farthest point on the fixture away from the wall.

**FINIAL** A small finishing ornament at the crown or bottom of a fixture.

# CHANDELIERS

*"There are so many important considerations to take in to account when selecting a chandelier – style, scale, how much light do you need it to emit – to name a few. But I always start with those factors so I know we are zeroing in on what will work from the get-go. After that, I cast a pretty wide net in terms of options. I like to keep an open mind because you never know when you'll see something that just makes sense and really enhances the room."*

**MONA ROSS BERMAN**  
MONA ROSS BERMAN INTERIORS

# BIG TIME RUSH

## THE PERFECT CHANDELIER

will completely elevate the perception of a space. Whether you prefer contemporary or traditional decor, selecting the right chandelier will set the tone and, if you want, create a jaw-dropping effect. It can improve even the most basic spaces or add a deeper layer of luxury to already well-designed areas. Invest in researching the wide variety of designs, materials and sizes available to find the ultimate chandelier that completes your dream room.

Fixtures shown on page 39: Carlton 4775 SL, page 207  
Fixture shown here: Fredrick Ramond's Caspia FR43759SLF, page 268

**FIND YOUR FIT** It's important to remember that just like anything else, a chandelier should represent your own personal style. Don't get caught up in "playing by the rules." Pick something that can enhance your space and works with the way you actually live.

1.

*"A chandelier can be the crowning jewel of the room! The perfect chandelier will tie all of the elements of the room together. You can capture so many styles with the perfect chandelier!"*

**SARAH SWANSON**  
SARAH SWANSON DESIGN  
CALGARY, ALBERTA  
CANADA

2.

There are several key features to look for when selecting your perfect chandelier: **DESIGN, SCALE, FINISH AND MATERIALS.** Once you've identified your basic lighting needs and decided where you want to hang the fixture, take time to research various styles and find a chandelier that complements your unique decor. From there, ensure you choose the right size (see p. 46) and finish so it complements the overall space. Interesting materials incorporated into the design, from wood to crystal details, can add another layer of stylish sophistication.

3.

*"Lighting is a key element to me in my own home and in all of my projects. I consider the main light fixtures before I even begin to look for the furniture. I consider lighting as important as the flooring, which is where I usually begin the design process!"*

**JAMIE HERZLINGER**  
JAMIE HERZLINGER INTERIORS  
NEW YORK CITY & SCOTTSDALE, AZ

**"GET BY WITH A LITTLE HELP FROM A FRIEND"**

Visiting a local showroom will allow you to view fixtures first hand, get comfortable with their quality and allow you to work with an expert. Visit [hinkleylighting.com](http://hinkleylighting.com) to find a showroom in your area.

*"I love to group fixtures, and if there are multiple sizes or shapes you can create an amazing one-of-a-kind installation. This application is very successful with high ceilings and in larger living spaces such as a great room."*

**LISA McDENNON**  
LISA McDENNON DESIGN  
LAGUNA BEACH, CA

# GET YOUR GROUP ON

SOMETIMES MORE IS MORE! MAKE THE "WOW" FACTOR HAPPEN BY GROUPING TOGETHER CHANDELIERS OR PENDANTS FOR A STRIKING STYLE STATEMENT. CONSIDER THE DESIGN AND SIZE OF THE FIXTURE CAREFULLY, AS WELL AS WHETHER THE SPACE CAN HANDLE A LINEAR ARRANGEMENT (SUCH AS OVER A KITCHEN ISLAND) OR A MORE WHIMSICAL GROUPING THAT INCORPORATES DIFFERENT HEIGHT LEVELS.

**IT ALL COMES TOGETHER** when you dazzle them with details that take your lighting from average to outstanding. Enhance your lighting's creative statement by choosing unique bulbs or selecting a distinctive finish that adds another layer of personality and pizzazz.

## FLIP THE SWITCH

No longer tucked away beneath shades or glass, unique bulbs can be an important design detail. From retro-chic Edisons to petite flame tip candelabras to round, modern vanity shapes, a distinctive bulb encourages customization of both the design and light level. Installing a dimmer increases your ability to manage a fixture's lighting impact on the space and, as an added benefit, gives you the option to consume less electricity and save money!

Fixtures shown: Dunhill 4598 RX, page 153, Luna 1647 SW, page 442

*"Sometimes it's something as little as taking the shades off a hanging fixture that will change an entire room. Decisions that seem so small can often have a large impact. It's the details that will make your space individual."*

RYAN KORBAN, RYAN KORBAN  
NEW YORK CITY

*"I love playing around with unexpected bulbs, they can really make a huge impact on the vibe of a chandelier."*

JILL BRINSON, JILL SHARP STYLE  
ATLANTA, GA

*"The attribute I look for in a finish is that of excellence of quality and workmanship. Favorite finish? I love them all!"*

JAMIE HERZLINGER, JAMIE HERZLINGER INTERIORS  
NEW YORK CITY & SCOTTSDALE, AZ

## FINISH LINE

A flattering finish has a powerful effect on the design of a fixture, emphasizing its construction and often reinforcing your overall design aesthetic. Whether your style is classic or contemporary, a finish can influence the feel of an entire room so take the overall color scheme and any other fixture or appliances into consideration. Hinkley offers an extensive array of high quality finish options to ensure there is something for everyone. If you're having trouble deciding what finish is right for a space, visit your local showroom and have an expert guide you through all of the unique options available.

Fixture shown: Fredrick Ramond's Xanadu FR43352PSS, page 255

*"As a designer I am always looking to find the perfect size fixtures in just the right finish. I always love it when I can find a fixture I love and it comes in multiple sizes and finishes. Nothing is worse than finding a light fixture you love but it's not available in the correct size or color for your project!"*

LISA McDENNON, LISA McDENNON DESIGN  
LAGUNA BEACH, CA

# MADE TO MEASURE

One of the most important considerations when selecting a chandelier for a specific space is its size and placement. Since chandeliers are designed to command attention or be a focal point, it's important to get it right. Here are some simple guidelines used by the pros:

## Sizing Guidelines

### DINING ROOM

To size a chandelier for your dining room, or to be the focal point of your space, measure the length and width of the room and add those figures together. The sum, converted to inches, will equal the diameter that you can use as a guideline when selecting the size of your chandelier.

**Example: 14' + 20' = 34' Converted to inches = 34"  
Correct Size Chandelier = 34" Diameter**

If the resulting measurement (room length + width, converted to inches) seems inappropriate due to the size of your table, size your chandelier three quarters the width of your table.

In most cases, the bottom of your chandelier should sit approximately 30"-32" above the table top.

### FOYER

When determining whether to hang a flush, semi-flush, or multi-tiered chandelier in your foyer, be advised that the bottom of the fixture should be at least 7' from the floor.

For two-story foyers, if there is a window above the front door, center the chandelier so it can be seen from outside.

If your foyer is extra-large, you may also want to add sconces. Sconces should be installed 60" from the floor and 6'-8' apart.

"I TEND TO LIKE TO HANG OVER-SIZED CHANDELIERS IN SMALLER SPACES TO GIVE THE ROOM MORE DRAMA. I ALSO LOVE HANGING CHANDELIERS VERY LOW OVER A TABLE FOR THAT WOW FACTOR."

TAMARA KAYE-HONEY, HOUSE OF HONEY  
LOS ANGELES

30"-32"

Standard suggested height above table.

*"I like to mix old and new, shiny and dull, colorful and simple - all in one interior! I think by juxtaposing old and new, we create energy and interest in a space. A bit of cheeky with some very serious glam!"*

**TAMARA KAYE-HONEY, HOUSE OF HONEY  
LOS ANGELES**

# SPLENDOR™

Splendor combines modern and traditional elements in a strong design that achieves an elegant, minimal effect. The  $\frac{3}{4}$ " square arms and center column are balanced by a large solid metal ball finial and thick etched glass bobesche in Brushed Nickel.

**FINISH** Brushed Nickel

**GLASS** Etched Glass Bobesche

# BOLLA™

The graceful lines of Bolla's sweeping double arms create a soft elegance while heavy cast spheres perched at the tips add to its innovative style. The strong proportions of the arms contrast with the subtle bell shaped glass, combining both traditional and modern details.

# IDEA

CENTER

VISIT US AT [HINKLEYLIGHTING.COM](http://HINKLEYLIGHTING.COM) FOR  
MORE LIGHTING TIPS, DESIGNER IDEAS  
AND STYLE GUIDES.

Create a state of suspended animation with posh pendants that add another design dimension to your space. Consider using a single pendant to complete a style statement while accomplishing task illumination over a desk or bedside table. Group a series together to illuminate a larger area such as a kitchen island or an entertaining area.

“I LIKE TO SEE PENDANTS GROUPED AT DIFFERENT HEIGHTS BUT CLOSE TOGETHER TO FEEL LIKE A CHANDELIER. I ALSO LOVE TO SEE PENDANTS HANGING SINGLY OVER A TASK AREA.”

**CHRISTINA FLEUGGE, GREIGE DESIGN, SAN JOSE, CA**

From Left: Fredrick Ramond's Pandora FR42407BRC, page 288; Zelda 3447 PN, page 055; Landon 3017 BN, page 169; Amelia 3124 CM, page 211; Amelia 3127 KZ, page 212; Shelter 1322 BK, page 455; Congress 3137 AN, page 214; Congress 3138 BC, page 222; Cordillera 4097 RI, page 105; Fredrick Ramond's Loft FR35013WAL, page 309; Fredrick Ramond's Zen FR46207BAM, page 305.

Amelia's classic pendant design reinvents vintage details with a cast glass fitter, cast metal trim ring and prominent hinges and clasps. The etched opal glass dome has an etched prismatic bottom lens for classic retro inspiration.

Gaining popularity as a chic alternative to chandeliers is the oversized flush mount ceiling fixture. This fixture can make a strong design statement, whether modern and minimalist or with all the glamour of a crystal-embellished design. Replacing your overhead lighting with a grand fixture of this scale can create a dramatic focal point in bedrooms, home offices, laundry rooms or any space where a traditionally-sized flush mount appears inadequate.

## OVERSCALED SEMI-FLUSH

*For additional Overscaled Semi-Flush options, see pages 226-235*

BATH

HINKLEY®

*"Powder baths are what I refer to as the jewel of the home, so this is where you can have fun! A little goes a long way too, since the space is small. I love combining sconces flanking a mirror and a coordinating fixture on the ceiling. For a more modern twist, try installing pendants from the ceiling or sconces on the wall installed asymmetrically."*

**LISA McDENNON**, LISA McDENNON DESIGN  
LAGUNA BEACH, CA

**SCONCE SAVVY** Creating a space in your bath that feels comfortable and imparts a feeling that's fresh and inviting can set the right mood for a spa-like retreat. Be sure to consider the specific tasks that will take place and then select the right lighting for your daily routine.

## VANITY FAIR

Sconces are the ideal way to achieve the even, shadow-free light that's desirable near the vanity. Depending on the fixture type, you can mount lights on the wall flanking the mirror, or even ON the mirror. Choose sconces with light-filtering material, shades or opal glass that help to minimize glare. Here are 4 more easy-to-follow guidelines:

1. Install sconces at eye-level, approximately 66" from the floor (standard guideline).

2. Depending on the amount of light the sconces cast, position them so that the horizontal beams overlap (typically 28" to 40" apart) and produce even, shadow-free light.

3. To illuminate a double vanity, provide each sink with its own individual light source.

4. A minimum of 150 watts should be used to illuminate the vanity and it's always safest to select fixtures that provide the maximum amount of light. If you find that there is too much light, either use lower wattage bulbs or install a dimmer. It is always easier to reduce the lamping than to try and increase the amount of light once the fixture is installed.

For more lighting ideas and tips from the pros, visit our Idea Centers on [hinkleylighting.com](http://hinkleylighting.com)

Fixtures shown: Lanza 5100 AN, page 372 and Hampton 3207 AN, page 92

**DIM SOME** Insider tip! Installing dimmers gives your bathroom lighting flexibility by allowing you to control the mood of the space, which increases the luxury quotient.

*"Dimmers! They are your best friend. When you have the option of dimming the lights, it is easy to get a spa feel in the bath. It's also all about feeling clean and relaxed in a spa bathroom so polished chrome and nickel alongside crisp white are often finishes that will help accomplish this feel."*

RYAN KORBAN, RYAN KORBAN  
NEW YORK CITY

*"If you have high ceilings in the bathroom and you take advantage of that space with a light fixture, it will expand the overall feel of the space."*

**SARAH SWANSON**  
SARAH SWANSON DESIGN  
CALGARY, ALBERTA  
CANADA

# LIGHT & LIVELY

**TO MAKE YOUR MASTER BATH** a haven for relaxation and rejuvenation, make it glow! Increasingly this area of your home delivers the rare opportunity to enjoy the luxury of some unaccompanied peace and tranquility. Satisfying comforts like cozy seating nooks, chic dressing tables and spa tubs add to its allure. If the space and ceiling height allow, consider a statement chandelier that pampers you with illumination and style.

Fixture shown here: Yorktown 3628 AN, page 164

**PRETTY LITTLE LAYERS** No question about it, lighting is absolutely crucial to the bathroom. Not only does this imperative space serve as a refuge within your home, it must accomplish several important functions too. Here's a simple breakdown of the key elements that can be layered together to make this small space shine:

## TASK

Task lighting helps you start and end your day with ease and comfort. Many aspects of grooming, from applying makeup to shaving to helping the kids brush their teeth, benefit from a pair of fixtures mounted on either side of a mirror, flanking the sink. This is called cross-illumination and provides shadow-free lighting for the face.

## AMBIENT

Ambient lighting also provides functionality. It delivers an overall illumination by bouncing the light off the ceiling, creating needed brightness as well as a flattering effect to the overall space. Dimming these fixtures also allows you to adjust the intensity of the light depending on how you are using the space or to create a certain mood.

2.

## ACCENT

For a sophisticated setting, choose accent lighting to illuminate the special details that relax and recharge you. Architectural elements, a cozy seating area or cherished artwork will appear even more luxurious and spa-like when lit properly.

*"Both task lighting and ambient lighting should be used in a bathroom. You must always have task and ambient lighting to create not only the setting but to perform tasks, otherwise a woman applying makeup will wind up with dark circles under her eyes!"*

**JAMIE HERZLINGER**  
JAMIE HERZLINGER INTERIORS  
NEW YORK CITY & SCOTTSDALE, AZ

*"Lighting is crucial to a bathroom for many reasons and I try to make sure to have 2 or 3 sources. Overhead for function, sconces for ambience and sometimes a table lamp for an overly fun and styled nightlight!"*

**TAMARA KAYE-HONEY**  
HOUSE OF HONEY  
LOS ANGELES

## DECORATIVE

For a dash of luxury, add in some decorative lighting by hanging an eye-catching fixture from the ceiling to dress up your bathroom.

*"It is important when creating a relaxing or spa-like environment that you select fixtures that offer a soft diffused light source. Using a variety of light sources will also help develop this feeling, so remember to combine both wall sconces and pendants or chandeliers."*

**LISA McDENNON**  
LISA McDENNON DESIGN  
LAGUNA BEACH, CA

*“Imagine barn wood paired with a glittering chandelier, rustic bronze fixtures, layers of textures and a worn Persian rug.”*

**SARAH SWANSON**  
SARAH SWANSON DESIGN  
CALGARY, ALBERTA  
CANADA

*"I have a slight preference towards light and bright bathrooms. I usually choose fixtures with a polished metal finish, high wattages and crisp tailored looks to help enhance the overall feeling."*

**MONA ROSS BERMAN**, MONA ROSS BERMAN INTERIORS  
PHILADELPHIA, PA

*"I love natural light everywhere. In regards to bathrooms, fixtures that mimic natural light, those using halogen bulbs, are always my choice."*

**JILL BRINSON**, JILL SHARP STYLE  
ATLANTA, GA

# COLOR WHEEL

FOR A SMALL SPACE LIKE A BATH OR POWDER ROOM, IT'S OFTEN RECOMMENDED TO KEEP THE VARIETY OF COLORS TO A MINIMUM FOR A COHESIVE LOOK. FOCUSING ON A REDUCED PALETTE ALSO HELPS TO EVOKE A MORE TRANQUIL, SPA-LIKE FEELING. WHETHER YOU WANT TO GO DARK AND EXOTIC OR BRIGHT AND AIRY, REMEMBER THAT EVERY COLOR AND FINISH YOU SELECT DOESN'T NEED TO MATCH EXACTLY BUT CAN HELP TO REINFORCE YOUR DESIGN THEME.

# HIGH & OUTSIDE

When installing fixtures on either side of the mirror is not optimal due to size and installation constraints, mount a fixture directly above the vanity for horizontal illumination. Ideally fixtures will run the width of the mirror and should be installed approximately 75"-80" above the floor. Another helpful tip: a light, bright vanity top will bounce light upward and further reduce shadows.

*"I actually prefer sconces above the vanity, but I think it is really a matter of personal choice. I would suggest keeping the sconces a little higher if you are flanking the vanity so as not to cause unusual shadows while using the mirror."*

**CHRISTINA FLUEGGE** - GREIGE DESIGN, SAN JOSE, CA

Fixtures shown: Meridian 5593 C.M., page 366

**FINISH FANCY** Enjoy exploring the extensive world of finish options - there is something to complement every style of design and personal taste. Insider tip! Hinkley's website allows you several ways to search and view finish options, so be sure to use this powerful tool as a resource. Order a finish sample online or visit your local lighting showroom to get a true sense of the color before making a final decision.

CENTER

VISIT US AT [HINKLEYLIGHTING.COM](http://HINKLEYLIGHTING.COM) FOR  
MORE LIGHTING TIPS, DESIGNER IDEAS  
AND STYLE GUIDES.

In a petite space like a bathroom, a quality finish will add another layer of beauty, depth and longevity to the room's design. Key palettes for the bath include classic nickel, warm bronze or crisp chrome. Shiny chrome or polished nickel paired with a light, spa-inspired color scheme will up the crisp and clean quotient. Rich, lustrous tones like brushed bronze or burnished brass can be combined with deeper tones to convey a sense of seclusion and luxury.

OUTDOOR

HINKLEY®

*"When selecting outdoor lighting, I think you really need to stay true to the style of the house and choose lighting that is in the same vein. I don't think outdoor lighting is the place to be eclectic."*

**RYAN KORBAN, RYAN KORBAN**  
NEW YORK CITY

# MIDNIGHT IN THE GARDEN

Before selecting outdoor lighting, consider the key architectural and landscaping elements of your home. By adding different sources of light at varying heights, your exterior will come alive at night.

Fixture shown on page 403: Shelter 1321 KZ, page 457  
Fixtures shown here: Trellis 1435 RB, page 567 and Hardy Island path lights 16007 MZ (Hinkley Landscape Lighting Catalog).

**WHY STOP AT THE FRONT DOOR?** Make a lighting statement while increasing the usability of porches, patios and decks by adding chic outdoor lanterns that reflect your home as well as your personal style. From Colonial to Contemporary to Cape Cod, have fun discovering how different designs can energize your exterior.

## FIXTURE FUSION

*“Think of the exterior fixtures on your home like jewelry on a person. It should enhance and complete the ensemble. It can either reinforce the architectural style of the home, or provide a hint towards what you will discover inside. Proper illumination adds visual balance and when executed properly and with quality products, reflects a homeowner’s attention to detail. I’m starting to see more of a fusion of styles now, with experimentation between traditional architecture and modern fixtures. It is a delicate balance to strike, but magnificent when it works!”*

**LISA McDENNON**, LISA McDENNON DESIGN  
LAGUNA BEACH, CA

Fixtures shown: Pembroke 2084 SB, page 462 and Mondrian 4571 KZ, page 107

*“The exterior of your home is the first thing guests see so it’s important to address it and make sure it gives a good impression. Is it welcoming? Is the lighting well-placed so people approaching can safely enter and leave your home? Is it attractive? All of these are important questions to ask about your outdoor lighting.”*

**MONA ROSS BERMAN**, MONA ROSS BERMAN INTERIORS  
PHILADELPHIA, PA

## LIGHT HOUSE

*“Consistency in the style of fixtures unifies your landscape plan and defines your property, making it easier for visitors to find and approach your home. The post light serves as a welcoming beacon, the primary fixture announcing your home’s presence, so it’s appropriate that it set a style tone for the rest of the property.”*

**AMY ELBERT**, SENIOR ARCHITECTURE EDITOR  
TRADITIONAL HOME

Fixtures shown: Atlantis 1641 BZ, page 423  
Atlantis path lights 1518 BZ-LED (Hinkley Landscape Lighting Catalog).

66"  
Standard  
suggested height  
from center of light  
bulb to threshold

"Exterior lighting provides a warm welcome and guides visitors safely up walkways and into your home. It leads people from the natural environment into the comforts of your home and should do so in an inviting and seamless way."

**AMY ELBERT**, SENIOR ARCHITECTURE EDITOR  
TRADITIONAL HOME

Fixtures shown: Revere 1184 SN, page 517

*"When choosing decorative fixtures, consider the architectural style of your home and the interior design elements you wish to complement. Fixtures should be appropriate to the time period the house was built and its overall styling, whether Arts & Crafts or Colonial or Modern. Consider scale as well, making sure that the fixture is in proper proportion to the space it is illuminating and nearby architectural elements such as corbels and doors."*

AMY ELBERT, SENIOR ARCHITECTURE EDITOR  
TRADITIONAL HOME

## Sizing Guidelines

### OUTDOOR LANTERNS

Selecting the right-sized outdoor lantern can sometimes pose a challenge. Follow these sizing guidelines for a fit that's just right.

The height of an outdoor lantern should be based on the height of the door:

**DON'T UNDERSIZE YOUR LANTERNS:** As a rule of thumb, your lanterns should appear to be proportionate to the size of your door from 50' away.

**FOR 1 LANTERN:** If you place a lantern on only one side of the door, it should measure one-third the height of the door. The center of the bulb should rest 66" above the threshold of the door.

**FOR 2 LANTERNS:** When two lanterns are used, they should each measure approximately one-fourth the height of the door. The center of the bulb should rest 66" above the threshold of the door.

**TIP:** In either case, if you choose a fixture with a long tail or top scroll, pay attention to the overall bulk of the fixture.

**TIP:** When in doubt, always go larger.

# AMERICAN BEAUTY

## STYLE GUIDE OUTDOOR

All-American beauty never goes out of style with timeless designs and patriotic details.

*"Create spaces that are pulled together yet informal in feel with a strong, specific color palette and fun patterns."*

**MONA ROSS BERMAN**  
MONA ROSS BERMAN INTERIORS  
PHILADELPHIA, PA

*"Outdoor living has become very important to our clients and now we are adding in very comfortable seating, upholstery, rugs and artwork just to name a few. These pieces accent our outdoor spaces and make them useful year round. I love to line up a few lanterns over a dining area or sitting area in covered loggias. I think it is a gift to be outside enjoying additional living spaces in this way day and night."*

**CHRISTINA FLUEGGE**  
GREIGE DESIGN  
SAN JOSE, CA

# MAXIN' & RELAXIN'

*"WE RECENTLY WORKED ON A BACK PATIO AREA FOR A CLIENT WHO WANTED FUN LIGHTING AND POPS OF COLOR. I THINK YOUR OUTDOOR SPACE SHOULD BE A FUN DESTINATION AND DOES NOT HAVE TO BE TOO SERIOUS. IT'S A GREAT PLACE TO STEP OUTSIDE OF THE BOX AND I THINK CLIENTS ARE REALLY STARTING TO GET THAT."*

PHILADELPHIA, PA

Fixtures shown: Aria 2305 KZ and 2302 KZ, page 450-451 and Luna 1664 BZ, page 441.

**FRESH AIR FUND** With our busy lives and persistent use of technology, now more than ever it's important to take the time to unplug. Re-connect with life's simple pleasures by extending your home's living spaces into the outdoors, meshing creature comforts with natural beauty.

*"Using our outdoor spaces as an extension of our home and creating rooms outside, the lighting needs are going to be slightly different than inside the home. Can you see the way to the seating area in the dark if you're entertaining? Do we have proper task lighting? Comfort as well as safety is upped with layers of outdoor lighting!"*

**SARAH SWANSON**  
SARAH SWANSON DESIGN  
CALGARY, ALBERTA CANADA

1.

2.

3.

*"Think even beyond lighting patios and spaces immediately outside your house—light trees (trunks and branches) or vine-wrapped trellises in far corners of your yard. These accents coax guests outdoors and create magical settings for entertaining and relaxing."*

**AMY ELBERT**  
SENIOR ARCHITECTURE EDITOR  
TRADITIONAL HOME

4.

*"Living in Los Angeles with amazing weather year round, outdoor spaces become a continuation of the indoors. I look at outdoor spaces the same way I do indoor rooms and lighting is crucial to the overall mood of the space."*

**TAMARA KAYE-HONEY**  
HOUSE OF HONEY  
LOS ANGELES

5.

*"Having a residence in Arizona where the sunsets are spectacular, to living in Manhattan and having views of the city at night makes outdoor living spaces absolutely as important as the indoor ones. I incorporate seating areas that really are like living rooms except outdoors."*

## CREATE ENCHANTMENT

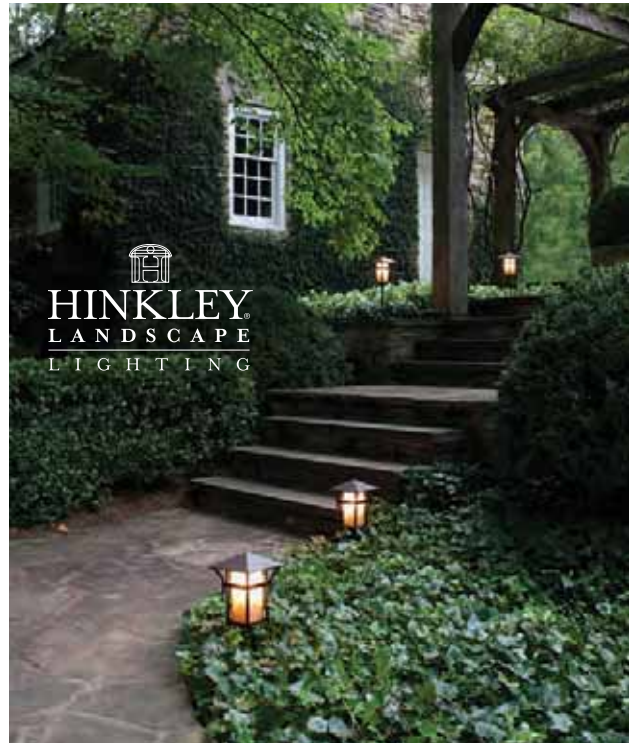

The purpose of landscape lighting is to unify the relationship between your house and the landscaping that surrounds it. One of the great features of landscape lighting is that it allows you to start slowly and gradually add in more lights as your time, budget or exterior space allows. You may choose to begin with path lights to add safety to your walkways and then slowly fill in various accent lights to emphasize features of your landscaping.

Landscape lighting enhances your outdoor living environment, extends the hours of enjoyment you and your family spend outdoors and provides safety and security. Well-designed landscape lighting will reinforce aesthetic appeal and increasingly add more value to your home.

“Exterior lighting provides a warm welcome and guides visitors safely up walkways and into your home. It leads people from the natural environment into the comforts of your home and should do so in an inviting and seamless way.

Landscape lighting also extends living outdoors and plays an integral part in fostering indoor-outdoor connections. Today’s homes often feature family rooms, kitchens, and bedrooms that open via glass doors to patios, balconies, swimming pools, decks, and other outdoor areas. Developing an exterior lighting plan that is consistent in style and mood with the interior of your home helps to blur the boundaries, and encourages people to enjoy all a home’s living spaces—inside and out.”

AMY ELBERT, SENIOR ARCHITECTURE EDITOR  
TRADITIONAL HOME

## COORDINATE & COMPLEMENT

Look for the following collections in Hinkley’s Outdoor Section that offer coordinating landscape lighting options:

COLLECTION	PAGES
ATLANTIS	422-429
BOLLA	486-489
HARBOR	468-473
LEDGEWOOD	478-481
MONTICELLO	592-593
PLANTATION	608-611
RALEY	526-527
REEF	460-461
SATURN	416-419
SHELTER	452-457

“Introducing light from multiple sources creates an interesting play of light and shadows that enhances a home’s architecture, lawn, and gardens. Illuminating the exterior is much like lighting a home’s interior – you need to layer light, using different types and sources of light to serve a variety of purposes – from safety to ambience to drama. One source of light, such as a porch lamp, certainly won’t show off your gardens; nor will a single uplight on a tree illuminate your front stairs. Light layered from a variety of angles and levels gives property a nice sense of balance and provides a lovely wash of light that is practical and pretty.”

**AMY ELBERT**, SENIOR ARCHITECTURE EDITOR  
TRADITIONAL HOME

# CASCADE™

The clean, modern lines of Cascade complement the rich alabaster or rain glass while creating a glowing, indirect lighting effect. The sleek aluminum construction adds to the design's versatility, making this contemporary style perfect for either interior or exterior use. Cascade is standard Dark Sky compliant.

## Heritage COLLECTION

HINKLEY LIGHTING, INC.  
SINCE 1922

Heritage Revival! Our archives provided a wealth of inspiration to develop our "Heritage" outdoor lantern collection. This collection represents a unique grouping of premium outdoor fixtures that pay tribute to the nostalgia of America's past while reinforcing the Hinkley philosophy of timeless, classic lighting design.

# SORRENTO™

Sorrento's cast aluminum construction and flourishing cast details are enhanced by its hand-applied Aged Iron finish with copper highlights. Stunning optic etched amber inner glass is surrounded by panels of clear seedy outer glass, creating a grand statement.

**FINISH** Aged Iron

**GLASS** Clear Seedy (outer glass), Optic Etched Amber (inner glass)

## Make the world a better place | COMMUNITY INVOLVEMENT

The Hinkley Lighting family proudly supports breast cancer initiatives in an effort to help eradicate this horrible disease. By increasing awareness and supporting education and community events, together we can work towards finding a cure. Hinkley also supports a variety of other charitable organizations that strive to make a positive difference in the lives of others. Visit [hinkleylighting.com](http://hinkleylighting.com) for more information.

Hinkley Lighting stands behind the quality of our lighting fixtures with product warranties that are among the strongest in the industry. For details of warranty coverage on specific products, please refer to [hinkleylighting.com](http://hinkleylighting.com) or consult a qualified Hinkley retail distributor.

Hinkley Lighting is a proud partner of the American Lighting Association.

Consistent with our corporate strategy, we have printed this catalog using vegetable-based inks, paper made with wind power and FSC certified paper which consists of 10% post-consumer recovered fiber. Our paper selection preserves 334 trees for the future and prevents 30,865 lbs of greenhouse gasses from being emitted into the atmosphere.

Please consider joining our environmental efforts and recycling this catalog by passing it along to your family and friends.
