The
Difference

- To the retailer -

It is important that you advise your clients of the unique characteristics of our products.

A - Brass hand castings of original antique product in its original state and hand welding.

Resulting in - Cast or welded parts that are not perfect (not straight or surface imperfections) .

Lamp holders may not be perfectly straight.

B - Glassware hand blown to its original look.

Resulting in - Bubbles, slight lines, pin dots, cut edges and slightly off center.

C - Finished surface or painted surface.

Resulting in - Surface imperfections due to chemical plating then hand relieved finish.

Paint color variations from batch to batch.

We will not recognize or accept any unreasonable claim relating to the unique characteristics of our hand made products.

Products can change or vary without notice.
